## Pestilence Gains Upper Hand over Cleanup Workers

LAKE CHARLES, La. (AP)—Mounting pestilence appears to be gaining the upper hand against efforts by cleanup and mercy crews working in the debris left in the hurricane-ravaged Gulf Coast of Louisiana.

The Red Cross reported of Cameron, the little fishing village that was the focal point of last Thursday's great storm: "It is well-nigh impossible for even the strongest of men to stay in the place, much less work."

A check showed 293 bodies brought out so far from the disaster area in the southwestern tip of the state. The first batch of unidentified dead were consigned late Monday to mass graves, with a common headstone as their memorial.

The latest estimate of total dead from Hurricane Audrey's onslaught was 500. It was made by Val Peterson in a telephone report to President Eisenhower. Peterson, former head of the nation's civil defense, was sent here as the President's personal representative on the scene.

DAMAGE TO crops, buildings and livestock was incalculable. Some idea of its multimillion-dollar total came from Jeff Davis of the New Orleans Times-Picayune. He estimated damage to oil properties alone at \$20 million.

A big crane lifted 47 handmade pine coffins into part of a 150-foot trench at a Negro burial ground as mass burials got underway.

"Over a hundred graves," gasped a woman onlooker as she surveyed the expanse of open earth. "Oh Jesus, have mercy on us!"

A Roman Catholic priest consigned the white unidentified dead to a separate grave, pronouncing a eulogy in the French language of the region.

Health authorities called Cameron and neighboring villages uninhabitable for as long as three weeks.

"Health authorities simply do not want people in Cameron any

more or any longer than absolutely necessary," the Red Cross reported. This applied not only to returning refugees but also to the cleanup squads still seeking bodies in the debris.

The Red Cross said it is withdrawing its own disaster crews and encouraging the cleanup squads to follow suit.

Although the effort now was concentrated on removing the dead, the Red Cross revealed that as late as Monday survivors still were being found afloat in receding flood waters.

Cameron, once a village of 3,000 persons, lacked fresh water, sewage facilities, means to refrigerate food, electricity and protection against hordes of mosquitoes.

Rats and poisonous snakes held sway in the wreckage.

Pestilence—Typhoid, tetanus and malaria—was a lurking menace.

More than 40,000 doses of anti-typhoid vaccine already had been sent into the area.

## Nasser Wooing British Anew

U. S. Mideast Policy  
Rapped by Egyptian

LONDON (AP)—Britain's commercial television network Monday night featured a 20-minute filmed interview with President Nasser of Egypt.

The Egyptian leader defended his country's acceptance of Soviet arms, expressed hope that Egypt and Britain will be friends again and warned that U. S. policy will turn nationalists into Communists.

He said Britain and Egypt "have to return to normal relations. I'm sorry about the period of bad relations between Britain and Egypt, and I hope both countries will work for good relations in order to be friendly again."

Nasser described Egypt's foreign policy as one of "nonalignment," similar to India's. He said Egypt purchased Communist arms to defend itself "against aggression."

Asked about Egypt's recent acquisition of three Soviet submarines, Nasser said, "We want to build up our navy as we build our army and our air force."

Nasser said communism in Egypt is illegal, "but dealing with Russia is another thing."

The Egyptian chieftain said he thought President Eisenhower's Middle East doctrine was mistakenly directed against nationalist movements in the belief such movements were Communist.

"There is no spread of communism in the Middle East," Nasser said. "But the Americans insist that nationalism is communism and try to stand against nationalism, thinking they are standing against communism. They will turn the nationalists to be Communists."

Wilson set forth these views in a letter which was included in a committee report on a resolution by Rep. Bow (R-Ohio). A seven-man Republican minority dissented sharply.

THE COMMITTEE last week approved the Bow resolution 18-8. It is scheduled for House debate next week.

The resolution would order the President to seek revision of or denounce the status of forces agreements which provide for foreign jurisdiction over some services committed by U. S. servicemen stationed abroad.

The House committee majority said that "there is increasing indication that the U. S. military and diplomatic officials are more concerned with public opinion in the nations in which the personnel of the U. S. armed forces are located than with public opinion in the U. S."

THE HOUSE committee majority said that "there is increasing indication that the U. S. military and diplomatic officials are more concerned with public opinion in the nations in which the personnel of the U. S. armed forces are located than with public opinion in the U. S."

READING, Pa. (AP)—A burglar broke into the home of Mrs. Cecilia Firek while she was away on vacation.

Returning home Monday she found clothing, suitcases, a record player and other items missing.

But a kitchen window which had been broken, apparently by the thief, had been replaced—even to fresh putty.

Earthquakes Kill 60

TEHRAN (AP)—Severe earthquakes hit towns and villages east and northeast of Tehran today and 60 persons were reported killed.

## Highway Safety Campaign Being Studied for Ohio

New Strategy Eyed  
To Make Effective  
New Penalty System

COLUMBUS (AP)—Law officers from throughout the state were meeting here today with Gov. C. William O'Neill to map strategy for an extensive highway safety campaign over the long July 4 weekend.

Part of the campaign will be strict law enforcement along the highways from Thursday through Sunday, the governor said.

O'Neill called on representatives of sheriff organizations, the Ohio Highway Patrol and the Bureau of Motor Vehicles met with him here today with the objective of having every available law enforcement officer on the highways over the holiday period.

Over previous long holiday weekends, every available state highway patrolman has been summoned to duty. There were reports that National Guardsmen might be pressed into service to help patrol highways.

The National Safety Council has predicted that 535 Americans may be killed on the highways during the July 4th holiday weekend.

ON AN AVERAGE three-day weekend in Ohio, the traffic toll nudges 20. The additional two days plus the expected step-up in traffic volume would tend to increase this figure sharply, unless safety messages were accepted by motorists.

Turning to the new penalty point system aimed at curbing traffic violators, O'Neill answered reports that technicalities might prevent the law from going into effect immediately.

"In my opinion," he said, "the point law is in effect and should be enforced. There is no question about the intent of the Legislature. Our position is that the law is going to be carried out."

The law authorizes courts to suspend the licenses of drivers who get 12 or more penalty points for traffic violations or bond forfeitures within a two-year period.

Under the penalty point law, judges are not required to note violations on the back of licenses, but O'Neill commented:

"I am personally in accord with (Please turn to page two)

## Thief Breaks Even On Jail Sentence

HUNTINGTON, W. Va. (AP)—A tire thief broke even on his jail sentence in Cabell County Monday.

Granville Kitts, 26, of Girard, Ohio, was indicted for grand larceny in the theft of nine automobile tires from a service station here last Jan. 18. He pleaded guilty to the reduced charge of petit larceny Monday and was given six months in jail by Judge John W. Daniel, but immediately went free. With time off for good behavior, Kitts already had served his sentence.

Hughes Thompson, of the Transfer Co. here, said the furniture had been taken from the Trace home, 713 Dayton Ave., Saturday on schedule and started on its way to Guam, via Los Angeles.

Sheriff Hays had not been able to serve papers on Trace in connection with the civil suit.

After Commissioner Hammock issued the order suspending the taking of the deposition, he said informally that, so far as he (Please turn to page two)

WASHINGTON (AP)—The controversial Hells Canyon dam bill apparently was killed today by a House Interior subcommittee.

Republican members forced a vote and told newsmen after the closed meeting that the bill to authorize a high federal dam in the Hells Canyon reach of the Snake River was killed.

The proposed federal dam would flood the sites of three dams planned by the Idaho Power Co.

# \$780,000 Hospital Bond Issue Proposed for November Ballot

## Trace Missing As Deposition Hour Arrives

Taking of the deposition of John R. Trace, a key witness in the embezzlement case of the State of Ohio against Mrs. Beverly Clickner Walls, was ordered suspended Tuesday morning by Special Commissioner Edwin H. Hammock of Columbus when Trace failed to appear.

His whereabouts are unknown. Trace, former Washington High School principal, who made his deposition Thursday and Friday, was scheduled to resume giving his testimony at 10 a. m. Tuesday, but could not be located.

After waiting until 10:30, Commissioner Hammock filed an entry in Common Pleas Court for a writ of attachment against Trace "to appear forthwith to testify as a witness."

The commissioner also cited Trace for contempt.

AT THE OUTSET of the hearing Tuesday morning, County Prosecutor Rolfe Marchant said in response to a question by the commissioner that no subpoena had been served on Trace for the deposition which had been continued after Trace suffered a nervous collapse Saturday.

A subpoena for Trace was then issued and handed to Sheriff Orin Hays.

After contacting hotels and motels, Sheriff Hays reported back in about half an hour to Commissioner Hammock that Trace could not be found within his bailiwick, Fayette County.

Hammock then issued the order suspending the taking of depositions.

Trace, who was principal of Washington C. H. High School during part of the time Mrs. Walls was a clerk in the office, resigned more than a month ago to go to Guam as director of education. He had said he planned to leave here July 1.

WHEN HE learned about noon Saturday that Mrs. Walls had filed a suit for \$100,000 against him, alleging he "uttered and published . . . defamatory matter" which injured her reputation, he suffered a nervous collapse. He was taken to Memorial Hospital, but was released Sunday.

Efforts to locate Trace Monday failed and when he did not appear to resume his deposition Tuesday morning, there was general speculation that he may have left for Guam.

Hughes Thompson, of the Transfer Co. here, said the furniture had been taken from the Trace home, 713 Dayton Ave., Saturday on schedule and started on its way to Guam, via Los Angeles.

Sheriff Hays had not been able to serve papers on Trace in connection with the civil suit.

## 'Dead' Flier Lives 54 Days On High, Frozen Mountain

CASTLE, Calif. (AP)—Air Force Lt. David A. Steeves grinned through his eight-weeks beard today and told how he lived 54 days in the frozen high Sierra after parachuting from his plane May 9.

"I feel pretty good now," he said. "I had a lot of pain in my legs most of the time. I was just trying to live."

Three weeks ago the Air Force had reported him dead.

Down 50 or 60 pounds from his normal 195, the 23-year-old pilot from Trumbull, Conn., was brought here today from Sequoia-Kings Canyon National Park, where he had stumbled onto a hiking path.

"I wasn't religious when I went in there, but it was faith in the Lord that brought me out," he said.

In Trumbull, his parents, Mr. and Mrs. Harold Steeves, said the family had never given up hope although the Air Force had sent

them a death certificate and reported their son could not have survived in an area where there was still eight feet of snow.

"I put my faith and trust in God and He certainly did a good job of it," Mrs. Steeves said.

Steeves' wife Rita, also in Trumbull, exulted: "It's true! It's true! It's marvelously true! I don't know what to . . . It certainly is marvelous! I'm not making much sense, am I?"

Steeves' grim story began shortly after he left May 9 from Hamilton Air Force Base, near San Francisco, for Luke AFB, Ariz., en route to his home base at Craig AFB, Selma, Ala.

He said he never knew what happened to the T33 jet trainer he was flying solo.

"It just exploded," he said. He was knocked out briefly and bailed out when he came to.

He landed at the 11,000-foot level, where there was still much

ice and snow.

Steeves said he crawled, "bobbled and slid" about 12 miles in 15 days until he found a ranger's emergency log cabin tool shed at Simpson Meadows. He crossed an 11,000-foot pass regarded as almost impassable and then descended to the 6,000 foot level.

He said he had nothing to eat during these 15 days, "but I had no trouble with water."

He said he didn't have a survival kit and a for survival training: "I had very little—wasn't even a Boy Scout."

In the cabin he found canned hash and canned beans, and some sugar. After two days he tried to travel again, but spring thaws had swollen the Kings River and he was forced to turn back. Then he lost all sense of time.

Last Sunday the water had gone down and he started out again, his ankles much improved. Then he found the hikers.

## 23rd Psalm Helps Woman Survive Hot Texas Desert

ALPINE, Tex. (AP)—A sturdy blonde woman who said she used positive thinking and the 23rd Psalm to keep her courage up was found Monday after six days of struggling for survival in the burning jumble of rock and sand south of here.

"I got so hot I was frothing at the mouth," Mrs. Wilma White, 46, of Houston, Tex., said of part of her struggle through the Big Bend National Park of West Texas. "I kept repeating the 23rd Psalm: 'Yea, though I walk through the valley of the shadow of death . . .'"

"It made me feel a little cooler," she said.

She was spotted Monday from the air and reached later by horsemen at the tiny cave and trickling spring which sheltered her from temperatures as high as 115 degrees.

Her husband had died in what appeared to be a vain attempt to find her after she set out for help when their station wagon bogged in the sand near the Rio Grande. They had gone into the rugged Punta de la Sierra range last Tuesday to gather cactus for their garden.

GRINELL, Iowa (AP)—Health officers today studied an epidemic of influenza here which afflicted 200 persons at a national Presbyterian youth assembly.

The Westminster Fellowship National Assembly, sponsored by the Presbyterian Church of the U. S. A., was attended by 1,800 persons.

Dr. Edmund G. Zimmerman, state health commissioner, referred to it as an "epidemic," but a U. S. Public Health Service physician said the cases "were very mild."

One of the first reactions was whether the outbreak as Asian influenza which has spread out of China to other parts of the world.

Although this type flu is believed to have reached the West Coast, Dr. Zimmerman said no cases have yet definitely been diagnosed in this country. He said it would be two weeks before health officials could determine whether the illness was Oriental.

The illness produces a sore throat, backache and fever.

Busies desired for Ohio, Pennsylvania, Kentucky, Tennessee and Kansas left here Monday. All of the early diagnosed cases have recovered, officials said.

Devices in the nose of the projectiles will relay data picked up high in the sky back to the island via radio signals.

Largely a "shakedown" for the rocket and equipment, the initial firing Monday was termed highly successful by the scientists in charge. The next firing will take place at once when a flare is confirmed.

Rockets used are the 10-year-old Deacon type with a booster section from a Nike guided missile. With the detector instruments in the nose, the rocket proper in the center and the Nike booster at the

rear, the projectile is 20 feet long and weighs 1,500 pounds.

MONDAY'S ROCKET rose 75 miles at a maximum speed of 5,000 feet a second. The Nike pack dropped off 29 seconds after the launching.

Thereafter the Deacon coasted for 13 seconds before its own fuel supply cut in, carrying it the rest of the way to the 75-mile height in 28½ seconds. Then the spent rocket plunged into the ocean some 25 miles to the seaward off the coast of the Navy's air missile test center at Point Mugu, Calif., which is approximately 50 miles north of Los Angeles.

A major purpose of the program here is to study the intensity of electrification in the ionosphere caused by solar flares. The ionosphere is the upper atmosphere 50 to 85 miles from the earth. When the lower ionosphere takes on a high charge, short-wave radio reception is blocked out.

Admitted to Toledo Hospital with burns on the face and upper body were Mrs. Eleanor Williams and her sons, John, 13, and Ronald, 15.

Their car was struck in the rear by another automobile. The car caught fire and the doors jammed. Mrs. Williams pushed the boys through a window and then crawled out herself.

WICHITA, Kan. (AP)—"My car wouldn't start," Clarence L. Liles, 18, told Wichita police, "so I asked my mother-in-law to give me a push with her car."

"She agreed, and soon she was pushing me. Before long the rear axle on my car broke. I pushed my mother-in-law to keep on pushing. A block farther on, the left wheel fell off."

"So I started down the street to use a telephone to call a tow truck. I wasn't very far down the street when my mother-in-law called to tell me a train was coming."

"Then I realized the front end of my car was on the railroad tracks. I started running to flag down the train."

"I waved frantically at the engineer, but he just smiled and kept going."

The engineer, W. J. Schroeder, told police he thought the young man was joking.

Schroeder said he thought the locomotive had room to miss the car and didn't realize his mistake until he heard the crash.

July Slated To Be Hot  
With Sub-Normal Rain

WASHINGTON (AP)—The Weather Bureau says its outlook for July calls for temperatures to average above seasonal normals over the Ohio Valley.

Precipitation is expected to be subnormal over the middle Atlantic states and lower Ohio Valley.

## Trustees Look 10 Years Ahead In Growth Plan

Decision was reached, with consent of all present, to ask the voters of Fayette County to approve a \$780,000 hospital bond issue at the coming November election, following a three-hour meeting of Fayette County Memorial Hospital officials and medical and surgical staff members Monday night.

The architect, Curtis Incho of Columbus, who planned the original hospital building here, met with the group.

If approved by the voters the money would be spent in construction of a new four-story (including basement) fireproof wing addition to the central part of the present hospital structure along with other small additions, and alterations with furnishings and equipment.

It was estimated by Incho that if the bond issue passes, working drawings, contracts and other essential details would require at least six months before construction could be started. It would require approximately two years normally for completing construction of the expansion program and being prepared for occupancy of the new facilities provided.

The plans submitted by the architect contemplate a look into the future for at least a 10-year period. The present proposal has been a matter of planning for the past two years.

THE COUNTY-WIDE community needs for hospital service, the record of the hospital here for providing the type of service which has resulted in rapid growth of the institution and the demands of the public for more extensive service were discussed at length at the meeting.

Of the amount sought, approximately \$700,000 would be used for construction and \$80,000 for equipment and furnishings. The new additions and alterations in other parts of the hospital would provide for a minimum of an additional 60 beds.

Single private rooms of an adequate number along with the usual proportion of double, or semi-private rooms are a part of the planning.

Many of the service areas such as X-ray and laboratory departments which were reported to have become seriously overcrowded, would be expanded under the plans set up. Also more adequate facilities for all other departments of the hospital will be provided.

THE ENTIRE program, it was stated, would improve the present hospital to a point where it could definitely be considered one of the

## Mother Accused As Boy Kills Dad

BROOKHAVEN, Miss. (AP)—Mrs. Theresa Daisy, 32, has been accused of buying bullets for her 10-year-old son's .22 rifle and then planting "the germ in the child's mind" which resulted in shooting his father to death.

Dist. Atty. Mike Carr said today he has filed charges accusing the Crystal Springs woman of being an accessory before the fact in the murder of her husband, Alex Daisy, 41.

The boy, Leo, is charged with murder although he is only 10 years old. He was released to the custody of an aunt and uncle. Mrs. Daisy was held in jail without bond.

Carr said he filed the accessory charges against Mrs. Daisy because "she planted the germ in the child's mind and did nothing at all to prevent him from killing his father."

The father was shot to death at their Crystal Springs home last Wednesday night. Mrs. Daisy had told officers the boy shot Daisy because he was mistreating her.

CARR SAID questioning of the mother and son disclosed that Mrs. Daisy bought bullets Monday for the boy to use in backyard target practice. When the father came home Wednesday and then left the house about 9 p. m., Carr said, the boy loaded his rifle and his mother lay down on a living room couch to await Daisy's return.

## Highway Safety Campaign Being Studied for Ohio

**New Strategy Eyed  
To Make Effective  
New Penalty System**

COLUMBUS (AP)—Law officers from throughout the state were meeting here today with Gov. C. William O'Neill to map strategy for an extensive highway safety campaign over the long July 4 weekend.

Part of the campaign will be strict law enforcement along the highways from Thursday through Sunday, the governor said.

O'Neill called on representatives of sheriff organizations, the Ohio Highway Patrol and the Bureau of Motor Vehicles met with him here today with the objective of having every available law enforcement officer on the highways over the holiday period.

Over previous long holiday weekends, every available state highway patrolman has been summoned to duty. There were reports that National Guardsmen might be pressed into service to help patrol highways.

The National Safety Council has predicted that 535 Americans may be killed on the highways during the July 4th holiday weekend.

ON AN AVERAGE three-day weekend in Ohio, the traffic toll nudges 20. The additional two days plus the expected step-up in traffic volume would tend to increase this figure sharply, unless safety messages were accepted by motorists.

Turning to the new penalty point system aimed at curbing traffic violators, O'Neill answered reports that technicalities might prevent the law from going into effect immediately.

"In my opinion," he said, "the point law is in effect and should be enforced. There is no question about the intent of the Legislature. Our position is that the law is going to be carried out."

The law authorizes courts to suspend the licenses of drivers who get 12 or more penalty points for traffic violations or bond forfeitures within a two-year period.

Under the penalty point law, judges are not required to note violations on the back of licenses, but O'Neill commented:

"I am personally in accord with (Please turn to page two)

## Thief Breaks Even On Jail Sentence

HUNTINGTON, W. Va. (AP)—A tire thief broke even on his jail sentence in Cabell County Monday.

Granville Kitts, 26, of Girard, Ohio, was indicted for grand larceny in the theft of nine automobiles from a service station here last Jan. 18. He pleaded guilty to the reduced charge of petit larceny Monday and was given six months in jail by Judge John W. Daniel, but immediately went free. With time off for good behavior, Kitts already had served his sentence.

Hughes Thompson, of the Transfer Co. here, said the furniture had been taken from the Trace home, 713 Dayton Ave., Saturday on schedule and started on its way to Guam, via Los Angeles.

Sheriff Hays had not been able to serve papers on Trace in connection with the civil suit.

After Commissioner Hammock issued the order suspending the taking of the deposition, he said informally that, so far as he (Please turn to page two)

# \$780,000 Hospital Bond Issue Proposed for November Ballot

## Trace Missing As Deposition Hour Arrives

Taking of the deposition of John R. Trace, a key witness in the embezzlement case of the State of Ohio against Mrs. Beverly Clickner Walls, was ordered suspended Tuesday morning by Special Commissioner Edwin H. Hammock of Columbus when Trace failed to appear.

His whereabouts are unknown. Trace, former Washington High School principal, who made his deposition Thursday and Friday, was scheduled to resume giving his testimony at 10 a. m. Tuesday, but could not be located.

After waiting until 10:30, Commissioner Hammock filed an entry in Common Pleas Court for a writ of attachment against Trace "to appear forthwith to testify as a witness."

The commissioner also cited Trace for contempt.

AT THE OUTSET of the hearing Tuesday morning, County Prosecutor Rollo Marchant said in response to a question by the commissioner that no subpoena had been served on Trace for the deposition which had been continued after Trace suffered a nervous collapse Saturday.

A subpoena for Trace was then issued and handed to Sheriff Orland Hays.

After contacting hotels and motels, Sheriff Hays reported back in about half an hour to Commissioner Hammock that Trace could not be found within his bailiwick, Fayette County.

Hammock then issued the order suspending the taking of depositions.

Trace, who was principal of Washington C. H. High School during part of the time Mrs. Walls was a clerk in the office, resigned more than a month ago to go to Guam as director of education. He had said he planned to leave here July 1.

WHEN HE learned about noon Saturday that Mrs. Walls had filed a suit for \$100,000 against him, alleging he "uttered and published . . . defamatory matter" which injured her reputation, he suffered a nervous collapse. He was taken to Memorial Hospital, but was released Sunday.

Efforts to locate Trace Monday failed and when he did not appear to resume his deposition Tuesday morning, there was general speculation that he may have left for Guam.

Hughes Thompson, of the Transfer Co. here, said the furniture had been taken from the Trace home, 713 Dayton Ave., Saturday on schedule and started on its way to Guam, via Los Angeles.

Sheriff Hays had not been able to serve papers on Trace in connection with the civil suit.

After Commissioner Hammock issued the order suspending the taking of the deposition, he said informally that, so far as he (Please turn to page two)

## Hells Canyon Bill Dies in Committee

WASHINGTON (AP)—The controversial Hells Canyon dam bill apparently was killed today by a House Interior subcommittee.

Republican members forced a vote and told newsmen after the closed meeting that the bill to authorize a high federal dam in the Hells Canyon reach of the Snake River was killed.

The proposed federal dam would flood the sites of three dams planned by the Idaho Power Co.

## Vote for Your Queen!

Voting for Queen of the Fayette County Fair got under way in earnest Monday as ballot boxes made their appearance in 42 Washington C. H. business places which are cooperating in the contest.

The Queen, who will reign over Fair activities and receive an array of valuable gifts from the merchants, will be crowned on Wednesday, July 24, the second night of the Fair.

She will be chosen from a group of 10 finalists nominated by readers of the Record-Herald. The

finalists are: Louise Stewart, 423 W. Elm St.; Cindy Schlichter, Route 1, Bloomingburg; Sandra Rose, 729 Washington Ave.; Anita Payne, Route 5; Kay Knisley, 511 Eastern Ave.; Patsy Hollar, Route 5; Jean Cupp, 415 W. Circle Ave.; Mary Chakares, Route 5; Betty Carpenter, Route 2, and Mary Allison, Route 5.

One vote for the queen of YOUR choice may be cast with each dollar's worth of merchandise purchased from any of the 42 cooperating businessmen.

## 'Dead' Flier Lives 54 Days On High, Frozen Mountain

CASTLE, Calif. (AP)—Air Force Lt. David A. Steeves grinned through his eight-weeks beard today and told how he lived 54 days in the frozen high Sierra after parachuting from his plane May 9.

"I feel pretty good now," he said. "I had a lot of pain in my legs most of the time. I was just trying to live."

Three weeks ago the Air Force had reported him dead.

Down 50 or 60 pounds from his normal 195, the 23-year-old pilot from Trumbull, Conn., was brought here today from Sequoia-Kings Canyon National Park, where he had stumbled onto a hiking path.

"I wasn't religious when I went in there, but it was faith in the Lord that brought me out," he said.

In Trumbull, his parents, Mr. and Mrs. Harold Steeves, said the family had never given up hope although the Air Force had sent

them a death certificate and reported their son could not have survived in an area where there was still eight feet of snow.

"I put my faith and trust in God and He certainly did a good job of it," Mrs. Steeves said.

Steeves' wife Rita, also in Trumbull, exulted: "It's true! It's true! It's marvelously true! I don't know what to . . . It certainly is marvelous! I'm not making much sense, am I?"

Steeves' grim story began shortly after he left May 9 from Hamilton Air Force Base, near San Francisco, for Luke AFB, Ariz., en route to his home base at Craig AFB, Selma, Ala.

He said he never knew what happened to the T33 jet trainer he was flying solo.

"It just exploded," he said. He was knocked out briefly and bailed out when he came to.

He landed at the 11,000-foot level, where there was still much

ice and snow.

Steeves said he crawled, hobbled and slid about 12 miles in 15 days until he found a ranger's emergency log cabin tool shed at Simpson Meadows. He crossed an 11,000-foot pass regarded as almost impassable and then descended to the 6,000 foot level.

He said he had nothing to eat during these 15 days, "but I had no trouble with water."

He said he didn't have a survival kit and a survival training: "I had very little—wasn't even a Boy Scout."

In the cabin he found canned hash and canned beans, and some sugar. After two days he tried to travel again, but spring thaws had swollen the Kings River and he was forced to turn back. Then he lost all sense of time.

Last Sunday the water had gone down and he started out again, his ankles much improved. Then he found the hikers.

## 23rd Psalm Helps Woman Survive Hot Texas Desert

ALPINE, Tex. (AP)—A sturdy blonde woman who said she used positive thinking and the 23rd Psalm to keep her courage up was found Monday after six days of struggling for survival in the burning jumble of rock and sand south of here.

"I got so hot I was frothing at the mouth," Mrs. Wilma White, 46, of Houston, Tex., said of part of her struggle through the Big Bend National Park of West Texas. "I kept repeating the 23rd Psalm: 'Yea, though I walk through the valley of the shadow of death . . .'"

"It made me feel a little cooler," she said.

She was spotted Monday from the air and reached later by horsemen at the tiny cave and trickling spring which sheltered her from temperatures as high as 115 degrees.

Her husband had died in what appeared to be a vain attempt to find her after she set out for help when their station wagon bogged in the sand near the Rio Grande. They had gone into the rugged Punta de la Sierra range last Tuesday to gather cactus for their garden.

Pell's statement came after complaints that members of the organization, wearing a uniform, had been halting motorists in the New Miami area for alleged traffic violations.

County Prosecutor Robert Marrs, in a ruling asked by the sheriff, said that members of a "vigilance corporation have the authority to arrest without a warrant only in felony cases" and have no authority to regulate traffic or enforce traffic regulations without first obtaining a warrant.

He said the right to organize vigilance groups arise under what is known as the Horse Theft Act.

Broxterman said there are ranger units in Clinton, Adams Brown, Clermont, Hamilton, Warren, Highland and Lawrence counties.

## Flu Fells 200 Presbyterians At Assembly

GRINNELL, Iowa (AP)—Health officers today studied an epidemic of influenza here which afflicted 200 persons at a national Presbyterian youth assembly.

The Westminster Fellowship National Assembly, sponsored by the Presbyterian Church of the U. S. A., was attended by 1,800 persons. Dr. Edmund G. Zimmerman, state health commissioner, referred to it as an "epidemic," but a U. S. Public Health Service physician said the cases were "very mild."

One of the first reactions was whether the outbreak as Asian influenza which has spread out of China to other parts of the world. Although this type flu is believed to have reached the West Coast, Dr. Zimmerman said no cases have yet definitely been diagnosed in this country. He said it would be two weeks before health officials could determine whether the illness was Oriental.

The illness produces a sore throat, backache and fever. Buses destined for Ohio, Pennsylvania, Kentucky, Tennessee and Kansas left here Monday. All of the early diagnosed cases have recovered, officials said.

## Northeast U. S. Feels Freezing Temperature

NEW YORK (AP)—Temperatures shrank to record lows for the date in the northeastern section of the nation today and shivered down below the freezing level at a few points.

Mount Washington, N. H., was chilled by a nip of 29 above zero.

A low of 27 was reported in St. Marys, Pa.

The tall, blue-eyed blonde was badly sunburned and scratched, but not in serious condition.

She said she found the cave and tiny water hole the second day she was lost and decided to stay until someone found her. She said she used rocks to keep her nails pared and combed her blonde hair by using the pool as a mirror.

Sheriff Shuns  
Any Help from  
'Ranger' Unit

HAMILTON (AP)—Sheriff Paul Pell says he wants no assistance from a civilian organization of "rangers" in Butler County.

The group, called the Butler County Rangers, has about 300 members, according to its leader, Herman J. Broxterman.

Broxterman said it was "organized to supplement and give aid to the sheriff's department, and the State Highway Patrol."

Pell's statement came after complaints that members of the organization, wearing a uniform, had been halting motorists in the New Miami area for alleged traffic violations.

County Prosecutor Robert Marrs, in a ruling asked by the sheriff, said that members of a "vigilance corporation have the authority to arrest without a warrant only in felony cases" and have no authority to regulate traffic or enforce traffic regulations without first obtaining a warrant.

He said the right to organize vigilance groups arise under what is known as the Horse Theft Act.

Broxterman said there are ranger units in Clinton, Adams Brown, Clermont, Hamilton, Warren, Highland and Lawrence counties.

## Scientists Fire Big Rocket In Study of Solar Flares

SAN NICOLAS ISLAND, Calif. (AP)—Scientific personnel on this bleak Navy-controlled island have fired the first rocket of the International Geophysical Year (IGY) and are ready to fire another at a moment's notice.

The 14-rocket program is part of the IGY study of solar flares, those unexplained disturbances on the sun which cause radio fadeouts.

Devices in the nose of the projectiles will relay data picked up high in the sky back to the island via radio signals.

Largely a "shakedown" for the rocket and equipment, the initial firing Monday was termed highly successful by the scientists in charge. The next firing will take place at once when a flare is confirmed.

Rockets used are the 10-year-old Deacon type with a booster section from a Nike guided missile. With the detector instruments in the nose, the rocket proper in the center and the Nike booster at the

rear, the projectile is 20 feet long and weighs 1,500 pounds.

MONDAY'S ROCKET rose 75 miles at a maximum speed of 5,000 feet a second. The Nike pack dropped off 2.9 seconds after the launching.

Thereafter the Deacon coasted for 13 seconds before its own fuel supply cut in, carrying it the rest of the way to the 75-mile height in 2.8 seconds. Then the spent rocket plunged into the ocean some 25 miles to the seaward side of this island, 60 miles off the coast of the Navy's air missile test center at Point Mugu, Calif., which is approximately 50 miles north of Los Angeles.

A major purpose of the program here is to study the intensity of electrification in the ionosphere caused by solar flares. The ionosphere is the upper atmosphere 50 to 65 miles from the earth. When the lower ionosphere takes on a high charge, short-wave radio reception is blacked out.

Scientists said they hoped to learn more about the solar flares which cause radio fadeouts.

They said the solar flares which cause radio fadeouts are caused by disturbances on the sun which cause radio fadeouts.

## Trustees Look 10 Years Ahead In Growth Plan

Decision was reached, with consent of all present, to ask the voters of Fayette County to approve a \$780,000 hospital bond issue at the coming November election, following a three hour meeting of Fayette County Memorial Hospital officials and medical and surgical staff members Monday night. The architect, Curtis Inscho of Columbus, who planned the original hospital building here, met with the group.

If approved by the voters the money would be spent in construction of a new four-story (including basement) fireproof wing addition to the central part of the present hospital structure along with other small additions, and alterations with furnishings and equipment.

It was estimated by Inscho that if the bond issue passes, working drawings, contracts and other essential details would require at least six months before construction could be started. It would require approximately two years normally for completing construction of the expansion program and being prepared for occupancy of the new facilities provided.

The plans submitted by the architect contemplate a look into the future for at least a 10-year period. The present proposal has been a matter of planning for the past two years.

THE COUNTY-WIDE community needs for hospital service, the record of the hospital here for providing the type of service which has resulted in rapid growth of the institution and the demands of the public for more extensive service were discussed at length at the meeting.

Of the amount sought, approximately \$700,000 would be used for construction and \$80,000 for equipment and furnishings. The new additions and alterations in other parts of the hospital would provide for a minimum of an additional 60 beds.

Single private rooms of an adequate number along with the usual proportion of double, or semi-private rooms are a part of the plan.

Many of the service areas such as X-ray and laboratory departments which were reported to have become seriously overcrowded, would be expanded under the plans set up. Also more adequate facilities for all other departments of the hospital will be provided.

THE ENTIRE program, it was stated, would improve the present hospital to a point where it could definitely be considered one of the (Please turn to page two)

## Mom-in-Law Pushes Car Into Trouble

WICHITA, Kan. (AP)—"My car wouldn't start," Clarence L. Liles, 18, told Wichita police, "so I asked my mother-in-law to give me a push with her car."

"She agreed and soon she was pushing me. Before long the rear axle on my car broke. I told my mother-in-law to keep on pushing. A block farther on, the left wheel fell off."

"So I started down the street to use a telephone to call a tow truck. I wasn't very far down the street when my mother-in-law called to tell me a train was coming."

"Then I realized the front end of my car was on the railroad tracks. I started running to flag down the train."

"I waved frantically at the engineer, but he just smiled and kept going."

The engineer, W. J. Schroeder, told police he thought the young man was joking.

Schroeder said he thought the locomotive had room to miss the car and didn't realize his mistake until he heard the crash.

## July Slated To Be Hot With Sub-Normal Rain

WASHINGTON (AP)—The Weather Bureau says its outlook for July calls for temperatures to average above seasonal normals over the Ohio Valley.

Precipitation is expected to be subnormal over the middle Atlantic states and lower Ohio Valley.

## Wilson Backs Trials for GIs

WASHINGTON (AP)—Secretary of Defense Wilson said today the "practical effect" of a congressional resolution to end foreign trials of GIs "would be the withdrawal of U. S. forces from all over the world."

"This result is not imaginary," Wilson told Chairman Gordon (D-Ill.) of the House Foreign Affairs Committee. "It would be the inevitable consequence of forcing the President to denounce the status of forces agreement throughout the world."

The end result, Wilson added, would be to force this country to shift from its global alliance strategy to "a fortress America concept for the defense of the continental United States."

Wilson set forth these views in a letter which was included in a committee report on a resolution by Rep. Bow (R-Ohio). A seven-man Republican minority dissented sharply.

THE COMMITTEE last week approved the Bow resolution 18-8. It is scheduled for House debate next week.

## Girls' Softball Program Outlook Here Brightens

20 Interested in It Gather at Park To Plan for Activities

Prospects for a softball program for the girls as a part of the overall community recreation program today appeared bright after more than 20 of them turned out for a planning meeting at the new softball field in the park on Oakland Ave. Monday evening.

While that in itself was described by Fred Domenico the recreation director, as "very encouraging," he said assurance given by many of the girls that they could bring from one to four more to the park Tuesday evening just about made a league of at least four teams a certainty.

Mrs. Donald Graves, one of the moving spirits for the revival of softball for the girls, said there was "a lot of enthusiasm" at the Monday evening meeting.

MOST of the girls showed up Monday evening with gloves and dressed in blue jeans ready to play ball.

Domenico said balls and bats and catcher's mask would be provided with money given for the recreation by the Washington C. H. Lions Club.

"We hope to organize four teams of girls and play a round-robin tournament," Domenico said.

Meanwhile, the job of putting the softball field in shape was progressing. He explained that the big task is to get the stones—mostly small pebbles—off of the diamond. He commented that he thought it would be in good condition by the end of the week.

Domenico also expressed the hope that the interest the girls are showing would stimulate a similar interest among the young men. Up to now, he said, he had had some inquiries, but nothing definite has been suggested.

While the business of getting softball started was moving along, the backboards for basketball were being put up on the new blacktopped all-purpose court.

## Embezzlement Case

(Continued from Page One)  
knew, his jurisdiction does not extend outside the state.

Hammock was appointed special commissioner to take Trace's deposition by Judge Darrell H. Hottle of Highland County Judge Hottle was assigned to the Common Pleas Court here for this phase of the complex case by Chief Justice Carl V. Weygant of the Ohio Supreme Court, after Judge John P. Case stepped aside.

THE NEXT MOVE, Hammock said, is up to Judge Hottle, but he did not speculate on what that might be.

Mrs. Walls, under indictment for embezzlement of \$9,874 from the high school activities fund while a clerk in the principal's office, was in the Common Pleas Court room Tuesday morning for the resumption of Trace's deposition. With her were her attorney, Charles F. Buck, of Dayton, and J. Harvey Crow, her former attorney.

Prosecutor Marchant, who had asked the court for Trace's deposition, also was there.

Neither of the attorneys offered any comment, or indicated what steps, if any, they planned to take, when the taking of the deposition was suspended by Commissioner Hammock.

Mrs. Walls originally was scheduled to go on trial June 3, but the trial was continued by Judge Case. No new trial date has been set. Judge Hottle was assigned to preside only for the appointment of the commissioner to take Trace's deposition. No judge has been assigned to preside at Mrs. Walls trial.

## Deaths, Funerals

Charles M. Abbott

Funeral services for Charles M. Abbott, 76, of Findlay, father of Dr. Ned Abbott, Wilmington Rd. here, will be held at 3 p. m. Wednesday in the Children's Funeral Home, Findlay.

Mr. Abbott, a native and lifelong resident of Findlay, died suddenly of a heart attack at 8:30 p. m. Sunday in Memorial Hospital there.

He is survived by his wife; two daughters, Mrs. Evelyn Longbrake, Finley, and Mrs. Kathleen Crawford, Columbus, and four sons, Dr. Ned Abbott, here, Deyous and William Abbott, Finley, and Berdette Abbott, Kansas City, Mo.

Dr. and Mrs. Abbott have gone to Findlay for the services.

Burial will be in the Findlay Cemetery.

OSCAR B. SHEPARD—Funeral services in Xenia and committal services in Washington Cemetery here were held for Oscar B. Shepard, 82, who died at his Xenia home last Tuesday.

The committal service was conducted by the Rev. L. J. Poe, pastor of the Grace Methodist Church here. Fellow alumni of Mr. Shepard's from the now-defunct Mt. Zion School present at the service included Miss Lula Binegar, Miss Fannie McLean, Miss Maggie Clemens and Mr. and Mrs. Walter McLean.

JAMES EVERETT HAINES—Services for James Everett Haines, 50, who died Saturday at his home near Buena Vista, were held at 2 p. m. Monday in the Parrett Funeral Home. The Rev. Charles Lyle, former pastor of the Buena Vista Methodist Church, officiated.

Mrs. John Corzatt sang "Beyond the Sunset," and "God Understands." Mrs. Charles Van Dyke accompanied at the piano.

Burial was in the White Oak Cemetery. Pallbearers were William Haines, Benton Haines, Darrell Binegar, Robert Johnson, Herbert Pitzer, Martin Johnson, Mont Jones and Wilbur Schmitt.

## Lancaster Man Gets State Post

COLUMBUS (AP)—Earl Haller of Lancaster has been appointed conservation engineer with the Ohio Department of Natural Resources. Herbert B. Eagon, department director, says.

Eagon said Haller will serve with the Division of Lands and Soil and will be the department's consultant with other state departments concerned with water conservation. The new post was established under a bill passed by the last Legislature.

The waters of the Philippines contain about 2,000 varieties of fish.

## Senate Nears Approval of Defense Money

\$34½ Billion Bill Expected To Gain OK In Balloting Today

WASHINGTON (AP)—Senate leaders predicted passage today of the biggest appropriations bill of the session — the \$34,534,229,000 defense money measure.

Leaders said they expect passage in just the form the bill came from the Senate Appropriations Committee.

That group put back into the bill \$971,504,000 of the \$2,565,275,000 in reductions voted by the House. Differences will be worked out in a conference.

President Eisenhower asked restoration of only about \$1.2 billion of the House cuts. The administration regarded the remainder as largely bookkeeping transactions which would not affect spending in the year ahead.

One Democrat, Sen. Douglas of Illinois, urged the Senate to accept the House cuts. He announced he would offer an amendment to have the Senate take these reductions, but then add \$500 million to the measure for Army and Marine combat troops.

IN MONDAY'S debate, Douglas charged the armed services with "fantastic" waste.

He read from dozens of contracts which he said showed money was spent for swimming pools, diaper service, golf courses and other "luxuries."

Sen. Chavez (D-NM), in reply to a question from Sen. Morse (D-Ore.), said the fly-over of planes which the Air Force staged last Saturday for Gen. Nathan F. Twining cost \$400,000 just for fuel. But Chavez defended it as a worthwhile training exercise.

Sen. Symington (D-Mo), former secretary of the Air Force, and Sen. Jackson (D-Wash.) both urged the Senate to approve the committee re-torations.

Jackson said senators were deluded if they felt the money in the bill was all that was needed for defense. More will have to be voted in supplemental measures to pay "for the modern and balanced defense we need," he said.

Meanwhile, Eisenhower signed two other appropriations bills and an emergency measure to carry along temporarily all federal agencies whose money bills have not yet cleared Congress.

One of the appropriations bills gives the Interior Department and related agencies \$456,899,600 for the fiscal year which began Monday. This was \$59,000,100 less than the President had asked.

The other provides \$104,844,660 for the legislative branch. This total is \$3,426,783 below the requested amount.

## Hospital Expansion

(Continued from Page One)  
most modern of smaller hospitals in the state.

The trustees present, George Pensyl, Marilyn Riley, Mrs. Fern Chaffin, Edwin Ducey and Robert Mace, voted to ask the Fayette County Board of Commissioners to pass the necessary resolution of necessity, covering the amount sought in the proposed bond issue and take any other steps necessary to bring the proposal before the Fayette County Board of Elections in time for the vote at the November election.

George Campbell, the other member of the board, was absent.

In the early part of the board meeting Miss Christine Evans, hospital administrator, read a letter from the Ohio Division of Aid for the Aged which stated that after July 1, this year, hospital patients under this classification for which that department would be responsible financially at regular hospital rates, would be limited to 10 days of hospital service for any one period of hospitalization.

This provides a new problem in taking care of such patients in this county. The trustees decided to hold a conference with the county commissioners to determine whether the county can use any of its relief funds for this purpose. No further action was taken pending the planned conference.

## Highway Safety

(Continued from Page One)  
the judges who say they will continue to put the notations on."

But municipal judges in Columbus Monday agreed to stop noting violations on the licenses.

The judges, notified that no opinion would be sought from the attorney general's office, said they had no alternative "but to accept the new measure as law." They said the rotations would be halted immediately.

"THE LEGISLATION was passed by both houses and signed by the governor. This court must assume it is law of the land," the unanimous decision by the judges said.

But they noted discussion that drivers will still face recordings of violations on licenses. One section of the code not repealed by the points bill requires Bureau of Motor Vehicle registrars to note convictions on licenses in the previous two years when the drivers apply for new licenses.

## Airliner Found Safe

KARACHI (AP)—A missing Pakistan airliner was found in East Pakistan today with all 24 persons aboard safe. A Pakistan Air Line spokesman said the DC3 had developed engine trouble Monday and made a forced landing in a rice field.

## Man, 73, Plans Hike Across U. S.

SAN BERNARDINO, Calif. (AP)—A 73-year-old man has reached here by foot from San Diego on a projected hike across the United States.

Patrick P. Thienes, a retired railroad man, said he'll follow Route 66 to Tulsa and hopes to reach New York by Sept. 5.

He declared he can average 42 miles a day and: "I'm good for plenty more walking miles."

He says he once made it to New York in 77 days. He hopes to reach there in 69 days this time.

## Ohio Airman Dies In Jet Collision

GARDEN CITY, Tex. (AP)—Two jet planes collided over a desolate section of west Texas Monday, killing two Air Force fliers. Two others landed safely.

Both Webb Air Force Base T-33 jet trainers were carrying an instructor and a student pilot when they collided near here.

The body of 2nd Lt. Efflyn Brooks, 27, an instructor from Columbus, Ohio, was found in the wreckage. That of 2nd Lt. Donald H. Cross, 23, Salem, Ill., a student pilot, was discovered about 400 yards away.

## Girls' Softball Program Outlook Here Brightens

20 Interested in It Gather at Park To Plan for Activities

Prospects for a softball program for the girls as a part of the overall community recreation program today appeared bright after more than 20 of them turned out for a planning meeting at the new softball field in the park on Oakland Ave. Monday evening.

While that in itself was described by Fred Domenico the recreation director, as "very encouraging," he said assurance given by many of the girls that they could bring from one to four more to the park Tuesday evening just about made a league of at least four teams a certainty.

Mrs. Donald Graves, one of the moving spirits for the revival of softball for the girls, said there was "a lot of enthusiasm" at the Monday evening meeting.

MOST of the girls showed up Monday evening with gloves and dressed in blue jeans ready to play ball.

Domenico said balls and bats and catcher's mask would be provided with money given for the recreation by the Washington C. H. Lions Club.

"We hope to organize four teams of girls and play a round-robin tournament," Domenico said.

Meanwhile, the job of putting the softball field in shape was progressing. He explained that the big task is to get the stones—mostly small pebbles—off of the diamond. He commented that he thought it would be in good condition by the end of the week.

Domenico also expressed the hope that the interest the girls are showing would stimulate a similar interest among the young men. Up to now, he said, he had had some inquiries, but nothing definite has been suggested.

While the business of getting softball started was moving along, the backboards for basketball were being put up on the new blacktopped all-purpose court.

## Embezzlement Case

(Continued from Page One)  
knew, his jurisdiction does not extend outside the state.

Hammock was appointed special commissioner to take Trace's deposition by Judge Darrell H. Hottle of Highland County Judge Hottle was assigned to the Common Pleas Court here for this phase of the complex case by Chief Justice Carl V. Weygandt of the Ohio Supreme Court, after Judge John P. Case stepped aside.

THE NEXT MOVE, Hammock said, is up to Judge Hottle, but he did not speculate on what that might be.

Mrs. Walls, under indictment for embezzlement of \$9,874 from the high school activities fund while a clerk in the principal's office, was in the Common Pleas Court room Tuesday morning for the resumption of Trace's deposition. With her were her attorney, Charles F. Buck, of Dayton, and J. Harvey Crow, her former attorney.

Prosecutor Marchant, who had asked the court for Trace's deposition, also was there.

Neither of the attorneys offered any comment, or indicated what steps, if any, they planned to take, when the taking of the deposition was suspended by Commissioner Hammock.

Mrs. Walls originally was scheduled to go on trial June 3, but the trial was continued by Judge Case. No new trial date has been set. Judge Hottle was assigned to preside only for the appointment of the commissioner to take Trace's deposition. No judge has been assigned to preside at Mrs. Walls' trial.

## Deaths, Funerals

Charles M. Abbott

Funeral services for Charles M. Abbott, 76, of Findlay, father of Dr. Ned Abbott, Wilmington Rd. here, will be held at 3 p. m. Wednesday in the Coldren Funeral Home, Findlay.

Mr. Abbott, a native and lifelong resident of Findlay, died suddenly of a heart attack at 8:30 p. m. Sunday in Memorial Hospital there.

He is survived by his wife; two daughters, Mrs. Evelyn Longbrake, Finley, and Mrs. Kathleen Crawford, Columbus, and four sons, Dr. Ned Abbott, here, Deyous and William Abbott, Finley, and Berdette Abbott, Kansas City, Mo.

Dr. and Mrs. Abbott have gone to Findlay for the services.

Burial will be in the Findlay Cemetery.

OSCAR B. SHEPARD—Funeral services in Xenia and commit a services in Washington Cemetery here were held for Oscar B. Shepard, 82, who died at his Xenia home last Tuesday.

The committal service was conducted by the Rev. L. J. Poe, pastor of the Grace Methodist Church here. Fellow alumni of Mr. Shepard's from the now-defunct Mt. Zion School present at the service included Miss Lula Binegar, Miss Fannie McLean, Miss Maggie Clemens and Mr. and Mrs. Walter McLean.

JAMES EVERETT HAINES—Services for James Everett Haines, 50, who died Saturday at his home near Buena Vista, were held at 2 p. m. Monday in the Parrett Funeral Home. The Rev. Charles Lyle, former pastor of the Buena Vista Methodist Church, officiated.

Mrs. John Corzatt sang "Beyond the Sunset," and "God Understands," Mrs. Charles Van Dyke accompanied at the piano.

Burial was in the White Oak Cemetery. Pallbearers were William Haines, Benton Haines, Darrell Binegar, Robert Johnson, Herbert Pitzer, Martin Johnson, Mont Jones and Wilbur Schmitt.

## Lancaster Man Gets State Post

COLUMBUS (AP)—Earl Haller of Lancaster has been appointed conservation engineer with the Ohio Department of Natural Resources, Herbert B. Eagon, department director, says.

Eagon said Haller will serve with the Division of Lands and Soil and will be the department's consultant with other state departments concerned with water conservation. The new post was established under a bill passed by the last Legislature.

The waters of the Philippines contain about 2,000 varieties of fish.

## Senate Nears Approval of Defense Money

\$34½ Billion Bill Expected To Gain OK In Balloting Today

WASHINGTON (AP)—Senate leaders predicted passage today of the biggest appropriations bill of the session—the \$34,542,229,000 defense money measure.

Leaders said they expect passage in just the form the bill came from the Senate Appropriations Committee.

That group put back into the bill \$971,504,000 of the \$2,565,275,000 in reductions voted by the House. Differences will be worked out in a conference.

President Eisenhower asked restoration of only about \$1.2 billion of the House cuts. The administration regarded the remainder as largely bookkeeping transactions which would not affect spending in the year ahead.

One Democrat, Sen. Douglas of Illinois, urged the Senate to accept the House cuts. He announced he would offer an amendment to have the Senate take these reductions, but then add \$500 million to the measure for Army and Marine combat troops.

IN MONDAY'S debate, Douglas charged the armed services with "fantastic" waste.

He read from dozens of contracts which he said showed money was spent for swimming pools, diaper service, golf courses and other "luxuries."

Sen. Chavez (D-NM), in reply to a question from Sen. Morse (D-Ore.) said the fly-over of planes which the Air Force staged last Saturday for Gen. Nathan F. Twining cost \$400,000 just for fuel. But Chavez defended it as a worthwhile training exercise.

Sen. Symington (D-Mo), former secretary of the Air Force, and Sen. Jackson (D-Wash.) both urged the Senate to approve the committee re-torations.

Jackson said senators were deceived if they felt the money in the bill was all that was needed for defense. More will have to be voted in supplemental measures to pay "for the modern and balanced defense we need," he said.

Meanwhile, Eisenhower signed two other appropriations bills and an emergency measure to carry along temporarily all federal agencies whose money bills have not yet cleared Congress.

One of the appropriations bills gives the Interior Department and related agencies \$456,899,600 for the fiscal year which began Monday. This was \$59,000,100 less than the President had asked.

The other provides \$104,844,660 for the legislative branch. This total is \$3,426,783 below the requested amount.

## Hospital Expansion

(Continued from Page One)  
most modern of smaller hospitals in the state.

The trustees present, George Pensyl, Marilyn Riley, Mrs. Fern Chaffin, Edwin Ducey and Robert Mace, voted to ask the Fayette County Board of Commissioners to pass the necessary resolution of necessity, covering the amount sought in the proposed bond issue and take any other steps necessary to bring the proposal before the Fayette County Board of Elections in time for the vote at the November election. George Campbell, the other member of the board, was absent.

In the early part of the board meeting Miss Christine Evans, hospital administrator, read a letter from the Ohio Division of Aid for the Aged, which stated that after July 1, this year, hospital patients under this classification for which that department would be responsible financially at regular hospital rates, would be limited to 10 days of hospital service for any one period of hospitalization.

This provides a new problem in taking care of such patients in this county. The trustees decided to hold a conference with the county commissioners to determine whether the county can use any of its relief funds for this purpose. No further action was taken pending the planned conference.

## Highway Safety

(Continued from Page One)  
the judges who say they will continue to put the notations on."

But municipal judges in Columbus Monday agreed to stop noting violations on the licenses.

The judges, notified that no opinion would be sought from the attorney general's office, said they had no alternative "but to accept the new measure as law." They said the rotations would be halted immediately.

"THE LEGISLATION was passed by both houses and signed by the governor. This court must assume it is law of the land," the unanimous decision by the judges said.

But they noted discussion that drivers will still face recordings of violations on licenses. One section of the code not repealed by the points bill requires Bureau of Motor Vehicle registrars to note convictions on licenses in the previous two years when the drivers apply for new licenses.

## Airliner Found Safe

KARACHI (AP)—A missing Pakistan airliner was found in East Pakistan today with all 24 persons aboard safe. A Pakistan Air Line spokesman said the DC3 had developed engine trouble Monday and made a forced landing in a rice field.

IT'S SO EASY TO PLACE A WANT AD.

# Round about Fayette County

By B. E. KELLEY

Mrs. Elmo Purdom, who lives on Woods Rd., Marion Township, called me during the tremendous down pour of rain Friday afternoon, and told me about a strange bird, as large as a turkey hen, which was in the poultry yard and had badly frightened the chickens. From her description I was unable to identify the bird, so I called Game Protector David Krupla, Bloomington and told him as much as I could about the bird.

"Sounds like a hen peacock" he said, I suggested that we meet at the Marion school house and take a look. He agreed.

The rain was pouring in torrents, and when we drove down Hess Rd., which has well defined depressions made by the wheels of vehicles, we bailed out water in large quantities and threw it to the roadside.

Reaching the Purdom home, Elmo came out and showed us the bird, which was in a coop in a shed.

"It's a hen peacock all right", said Dave, and that settled its identity.

Dave knew that Mr. and Mrs. Willard Bitzer, Waterloo Rd., raise peacocks, so I notified Willard who announced that in all probability it belonged to him, and he planned to go after the migrant hen.

I learned from Dave that several people in and near Fayette County raise peacocks, including Mr. and Mrs. Virtus Kruse, of near Quenavista.

The nest at the Kruse home contained five eggs, and all hatched. The "chicks" are now two weeks old and doing nicely.

## PLENTY OF TRUCKS

Seems like there is a steady increase in the number of trucks using the "main drag" through the city—likewise a steady increase in the noise, particularly late at night when the drivers apparently figure no one is about to halt them.

One day recently I counted eight big trucks in a space of two blocks on Court St., five headed east and three headed west, with two spouting black smoke and all sending out an abundance of fumes.

If and when the new superhighway passes through Fayette County, it probably will take a large

number of trucks off of routes through this city, lessening traffic hazards destruction of paving and greatly decreasing the noise.

## DANIEL BOONE HERE

In his wide wanderings in the forests of many states, Daniel Boone, famous pioneer, bear and Indian killer, hunted in the wilds of Fayette County and himself was hunted by the Indians, reports indicate.

Boone was one of the most colorful figures in American history, and the general impression of him is that he was without education, rough, ready and did little but hunt.

I was born within a mile of "Daniel Boone's Rock House", a long Racoon Creek, in Gallia County, and history states that Boone and Simon Kenton spent the winter of 1792 and 1793 trapping beaver and other as well as other animals along Racoon Creek.

The "rock house" is a huge cave with overhanging sandstone roof and a dome in the center was where they smoked their venison and other meats. Indians formerly had used the cave for ages.

Born in Berks County, Pa., Oct. 22, 1734, Boone died in Missouri, Sept. 26, 1820, and in 1845 his remains and those of his wife were moved to the Frankfort, Ky., cemetery, and a suitable monument erected. The lot is enclosed with an iron fence. His burial place is on a bluff overlooking the Kentucky

River, and I have visited it several times.

Boone was a great scout and rendered valuable service in the wars against the Indians. He was one of those with Braddock in his campaign against the Indians, and escaped being killed by fleeing horseback when Braddock was defeated.

He fought with Col. Hugh Waddell's forces against the Indians at Point Pleasant.

He was a scout with the George Rodgers Clark expedition, and was a Judge in Missouri usually holding court under a large tree in the dooryard at his home. The tree was known as "Boone's Judgment Tree".

Boone was elected to the Legislature while in Kentucky, and it was during the Battle of Blue Lick that his son was killed by the Indians.

Boone in his younger days spent much time hunting wild game and killing Indians, who gave no quarter and asked none. He had many narrow escapes during his years of crusading with his long barreled muzzle loading rifle,

# U. S. Industries Peg July for Business Lull

By SAM DAWSON

NEW YORK (AP) — Vacations and a lull in industrial activity are combining to make July the low point of the year so far for important industries.

Some steel mills will close down for the Fourth of July holiday, cutting the industry's total output for the week. But slow ordering seems likely to cut it further during this month.

A few manufacturers got in their orders in time to beat Monday's controversial price hike of \$6 a ton on average. And these presumably won't be ordering much until they use up their inventories.

The auto companies, among steel's prime customers, have been notably slow in ordering metal. And some auto plants have shut down or cutback production. Many metal working plants using steel will take one to three weeks vacations this month, and some others next month.

Fabricators of cooper, zinc and lead also will be closing down for

vacation periods. But their ordering of these metals has been slow for some time anyway.

Cutbacks in steel output, along with softening of the export demand, leads soft coal mines to lower their estimates of the year's production. The National Coal Assn., which once predicted 1957 would see 522 million tons mined, compared with 506 million in 1956, has trimmed this estimate to 506 million tons.

Coal miners will also be taking their annual vacation, cutting the month's total output of a minimum.

The traditional summer holiday starts this week in the textile industry. Many a mill owner will welcome the chance to cut back

stocks and let consumer demand catch up with production.

Many textile men, however, are saying they look for a pickup in their business by next month at the latest.

And the National Shoe Institute boasts that for the first time the American shoe industry seems set to pass the 600 million pair mark this year. Surely, all God's children, U. S. branch, got shoes.

## Columbusite Accused

EFFINGHAM, Ill. (AP) — Calvin Romine, 25, Columbus, Ohio, today is awaiting grand jury action on charges of reckless homicide in a highway accident June 16. Romine's wife Clara, 24, and his mother-in-law, Mrs. Maude Gregory, 60, of Moberly, Mo., were killed in the accident.

STORE CLOSED ALL DAY THURSDAY FOR THE 4TH OF JULY

# Round about Fayette County

By B. E. KELLEY  
Mrs. Elmo Purdom, who lives on Woods Rd., Marion Township, called me during the tremendous down pour of rain Friday afternoon, and told me about a strange bird, as large as a turkey hen, which was in the poultry yard and had badly frightened the chickens. From her description I was unable to identify the bird, so I called Game Protector David Krupla, Bloomingburg and told him as much as I could about the bird.

"Sounds like a hen peacock" he said, I suggested that we meet at the Marion school house and take a look. He agreed.

The rain was pouring in torrents, and when we drove down Hess Rd., which has well defined depressions made by the wheels of vehicles, we bailed out water in large quantities and threw it to the roadside.

Reaching the Purdom home, Elmo came out and showed us the bird, which was in a coop in a shed.

"It's a hen peacock all right", said Dave, and that settled its identity.

Dave knew that Mr. and Mrs. Willard Bitzer, Waterloo Rd., raise peacocks, so I notified Willard who announced that in all probability it belonged to him, and he planned to go after the migrant hen.

I learned from Dave that several people in and near Fayette County raise peacocks, including Mr. and Mrs. Virtus Kruse, of near Buena Vista.

The nest at the Kruse home contained five eggs, and all hatched. The "chicks" are now two weeks old and doing nicely.

## PLENTY OF TRUCKS

Seems like there is a steady increase in the number of trucks using the "main drag" through the city—likewise a steady increase in the noise, particularly late at night when the drivers apparently figure no one is about to halt them.

One day recently I counted eight big trucks in a space of two blocks on Court St., five headed east and three headed west, with two spouting black smoke and all sending out an abundance of fumes.

If and when the new superhighway passes through Fayette County, it probably will take a large

number of trucks off of routes through this city, lessening traffic hazards destruction of paving and greatly decreasing the noise.

## DANIEL BOONE HERE

In his wide wanderings in the forests of many states, Daniel Boone, famous pioneer, bear and Indian killer, hunted in the wilds of Fayette County and himself was hunted by the Indians, reports indicate.

Boone was one of the most colorful figures in American history, and the general impression of him is that he was without education, rough, ready and did little but hunt.

I was born within a mile of "Daniel Boone's Rock House", along Racon Creek, in Gallia County, and history states that Boone and Simon Kenton spent the winter of 1792 and 1793 trapping beaver and other as well as other animals, along Racon Creek.

The "rock house" is a huge cave with overhanging sandstone roof and a dome in the center was where they smoked their venison and other meats. Indians formerly had used the cave for ages.

Born in Berks County, Pa., Oct. 22, 1734, Boone died in Missouri, Sept. 26, 1820, and in 1845 his remains and those of his wife were moved to the Frankfort, Ky., cemetery, and a suitable monument erected. The lot is enclosed with an iron fence. His burial place is on a bluff overlooking the Kentucky

Those Hidden Taxes Hurt Just As Much

It is often said that everybody talks about taxes. At least it seems so around here.

Few however go into the over-all problem. Almost everybody speaks about direct and visible taxes, such as those on income and on property.

That appears natural enough, because we can actually see and feel the inroads such taxes make upon our personal and home budgets. They come out of our pockets or are withheld from our pay checks, or a specified part of mortgage installments.

Neither the tax problem or the tax burden end with these taxes which we immediately see and feel. The hidden or indirect taxes, also enter into the cost of everything and become a huge item of expense to the American people.

It is said and often has been proven, that at many income levels these hidden taxes are a much larger item than direct taxes.

Bern Price, an Associated Press writer, has come up with an interesting account of what is involved. As examples, he takes a cheap commodity and an expensive one—a loaf of bread and an automobile. Actually, he says, "Nobody has ever managed to count the taxes included in the final price of either." It's an impossible job—...for in the case of bread alone you would have to trace back to the taxes on the machines that made the machines that made the machines that planted and harvested the tax-supported wheat, grown on tax-paid land by an income tax-paying farmer."

The same problem arises in the case of the car. However, there are certain taxes that can be accurately totaled up. Mr. Price takes a car carrying a Michigan price of \$2,000. The figurative tax is \$559.83 of which \$488.81 is hidden so far as the purchaser is concerned. Included are estimated taxes on materials and parts, estimated income and other taxes paid by the manufacturer, similar taxes paid by the dealer, and so on. If the car is bought at a distant point instead of Michigan, the hidden transportation tax adds further to the cost.

Going back to bread, Mr. Price quotes the Tax Foundation as counting 151 identifiable taxes which are passed along to the consumer. An authoritative estimate holds that taxes take about \$1 for every \$5 spent on food. Searchers have run down 116 taxes on a man's suit, 600 on a house and 150 on a woman's hat.

Dickson J. Preston of the Scripps-Howard staff also has produced an interesting article on hidden taxes. He says that about 20 per cent of all you spend is absorbed by taxes, and in the case of many items the proportion is much higher—nearly nine-tenths of the price of a bottle of whisky, for instance. And he quotes another Tax Foundation report, concerning a man earning \$4,500 a year. This man pays a total federal, state and local tax bill of \$1,393. The visible part of that is only \$387. The invisible part is \$1,006.

The moral is found in Bern Price's last paragraph: "The man who wrote that song about the best things in life being free had better have another look. He might change his tune."

Bob Hope--Millions of Jokes

By Hal Boyle

NEW YORK (AP)—Bob Hope, the comedian's Croesus, believes he probably has told more jokes than any other man in history.

He's been skipping them out past his ski-slope nose at the rate of better than 10,000 a year for the last quarter century.

"I figure I've told at least a quarter million jokes," he said, "and if you count repeat jokes, that is jokes told over and over to different audiences while on tour, the number would go into the millions."

"I doubt if anyone else has told more," he said, adding with a grin, "who else has had the chance?"

When you look over the field, the candidates are few. Can any other gag man match his combined experience in vaudeville, radio and television, movies (50) and on tour? He still travels 25,000 to 50,000 miles annually, and in a two-year period during World War II he racked up 450,000 miles entertaining U. S. servicemen.

Although he is known as one of the best ad libbers in the business, Bob also is as methodical as a clock. He has perhaps the finest individual humor library of anyone in the show world. It runs to about 80 file cabinets.

"I have a complete script of practically every show I was ever on," he said, "plus all the material written for them which for one reason or another, was crowded out at the time."

Once he had 12 writers and three secretaries at work building up his laugh library.

"It must contain at least between three and four million jokes," he remarked.

Many times he has gone to his library to help out fellow entertainers in desperate need for fresh material.

"I'm glad to help them," said Bob, "particularly if they're doing a show for charity. I believe in."

The stern anxieties of comedy that have driven many present day funny men to psychoanalysis leave Hope unruffled.

"I'm not a couch man myself," he said. "And I'm not sad, just disgustingly normal."

"Every comedian is an individual, but in television the problem of trying to be funny every week can drive anyone to the couch."

"It gives a man the feeling he's in a rut. It takes a lot of work sometimes to get rid of that feeling. I think the best answer is to change, to try something different."

Hope feels he escaped the danger of rust by starring in "Beau James", the life story of former New York Mayor Jimmy Walker.

"It was more of a straight dramatic role. One problem I had was that the mayor was a skinny guy. I had to lose 15 pounds. I did it on a diet of lamb chops, fruit salad and yogurt."

The 'Fair Trial' Theory

By George Sokolsky

It is no reflection on Japan that an American soldier, performing services while in the American uniform, wants to be tried in an American court.

Until the present era it was a universal right among soldiers to be tried by a court-martial of their own country. There was a time when all foreigners in Japan and China were tried in their own courts situated in those countries.

Extra-territoriality was abolished in Japan much earlier than in China, but neither country chose to adopt Anglo-Saxon law, finding various modifications of the Code Napoleon more suitable to their purposes.

What law prevails now in Red China, I do not know. Whatever it is, the Chinese will find ways of evading it as they are more bound by local custom than by codes adapted from foreign countries and forcibly applied to them.

The Japanese are an obedient people, startlingly law-abiding but with high tempers particularly when they do not quite understand what is being done. Japanese are among the proudest people on earth, asking umbrage readily. In personal relations, they are faithful to their friends; they never forget a foe.

The Chinese are more flexible, readily forgetting both a friend and a foe, and doing it with a smile.

It is possible that William S. Girard could get a fair trial in Japan: in fact, he might get off scot-free just to prove that Japan tempers justice with mercy; whereas an army court-martial might throw the book at him just to prove that no private may kick up a row when the big shots want to use him as a political pawn in an international enterprise.

Diet and Health

Strange Affliction Puts Victims Asleep

By HERMAN N. BUNDESEN

While most of us have been bothered by our inability to sleep from time to time, some unfortunate persons have exactly the opposite problem. Instead of insomnia, they have narcolepsy.

Narcolepsy — you've probably never heard the word before — is a condition of involuntary sleep. Victims have sudden attacks of extreme and irresistible sleepiness. Often without warning, they abruptly fall asleep for periods ranging from less than a minute to two hours.

Inappropriate Time

Just about everyone, I suppose has fallen asleep while sitting in a chair, riding in a bus or train, or at other inappropriate times and places. Generally, you fall asleep suddenly because you are tired.

In narcolepsy, however, weariness has nothing to do with the patient's inability to remain awake. The sleep itself appears to be a normal physiologic sleep; it's the paroxysmal and inappropriate occurrence that is abnormal.

Starts Early

Most cases originate about the time of puberty or just after it, with about half of them beginning between the ages of 10 and 19. Most victims — 70 to 80 per cent — are males.

It's fairly easy for a doctor to diagnose a case of narcolepsy, although discovery of the cause sometimes is impossible. Sometimes it occurs following encephalitis, head injury, or with a tumor, multiple sclerosis, cerebral arteriosclerosis, diabetes, hyper-

insulinism or syphilis of the central nervous system. With some patients, there is a family history of epilepsy.

Other Possibilities

Some persons with personality disorders also suffer from this uncontrolled sleep. It may be that it is a neurotic defense against anxiety. Perhaps it is a means of unconscious or even conscious escape from problems.

At any rate, most victims of narcolepsy need both physiologic and psychologic help.

We have several drugs available to alleviate these attacks, but probably the two used most are benzedrine sulfate and ephedrine sulfate. Initial doses of any drug must be planned carefully because in most cases treatment is carried out over a long period of time. Psychologic treatment generally is helpful also in preventing any anxiety states from developing.

QUESTION AND ANSWER

Mrs. A. L.: Can a baby be delivered successfully by caesarean section after the mother has died?

Answer: Many cases have been reported in which a living baby has been delivered by caesarean section after the mother's death.

Sheep, in the south of Chile, sometimes grow such heavy wool that when it rains, they get water soaked and are unable to get onto their feet. Death from starvation or disease is usually the result.

Uruguay derives its name from two Indian words: "urn" and "ay," meaning River of Colorful Birds

"I doubt if anyone else has told more," he said, adding with a grin, "who else has had the chance?"

When you look over the field, the candidates are few. Can any other gag man match his combined experience in vaudeville, radio and television, movies (50) and on tour? He still travels 25,000 to 50,000 miles annually, and in a two-year period during World War II he racked up 450,000 miles entertaining U. S. servicemen.

Although he is known as one of the best ad libbers in the business, Bob also is as methodical as a clock. He has perhaps the finest individual humor library of anyone in the show world. It runs to about 80 file cabinets.

"I have a complete script of practically every show I was ever on," he said, "plus all the material written for them which for one reason or another, was crowded out at the time."

Once he had 12 writers and three secretaries at work building up his laugh library.

"It must contain at least between three and four million jokes," he remarked.

Many times he has gone to his library to help out fellow entertainers in desperate need for fresh material.

"I'm glad to help them," said Bob, "particularly if they're doing a show for charity I believe in."

The stern anxieties of comedy that have driven many present day funny men to psychoanalysis leave Hope unruffled.

"I'm not a couch man myself," he said. "And I'm not sad, just disgustingly normal. 'Every comedian is an individual, but in television the problem of trying to be funny every week can drive anyone to the couch.'"

"It gives a man the feeling he's in a rut. It takes a lot of work sometimes to get rid of that feeling. I think the best answer is to change, to try something different."

Hope feels he escaped the danger of rust by starring in "Beau James", the life story of former New York Mayor Jimmy Walker.

"It was more of a straight dramatic role. One problem I had was that the mayor was a skinny guy. I had to lose 15 pounds. I did it on a diet of lamb chops, fruit salad and yogurt."

By Hal Boyle

## The 'Fair Trial' Theory

It is no reflection on Japan that an American soldier, performing services while in the American uniform, wants to be tried in an American court.

Until the present era it was a universal right among soldiers to be tried by a court-martial of their own country. There was a time when all foreigners in Japan and China were tried in their own courts situated in those countries.

Extra-territoriality was abolished in Japan much earlier than in China, but neither country chose to adopt Anglo-Saxon law, finding various modifications of the Code Napoleon more suitable to their purposes.

What law prevails now in Red China, I do not know. Whatever it is, the Chinese will find ways of evading it as they are more bound by local custom than by codes adapted from foreign countries and forcibly applied to them.

The Japanese are an obedient people, startlingly law-abiding but with high tempers particularly when they do not quite understand what is being done. Japanese are among the proudest people on earth, making umbrage readily. In personal relations, they are faithful to their friends; they never forget a foe.

The Chinese are more flexible, readily forgetting both a friend and a foe, and doing it with a smile.

It is possible that William S. Girard could get a fair trial in Japan: in fact, he might get off scot-free just to prove that Japan tempers justice with mercy; whereas an army court-martial might throw the book at him just to prove that no private may kick up a row when the big shots want to use him as a political pawn in an international enterprise.

Unfortunately for Girard, he is not the sole issue either for the United States or Japan. The fundamental question for Americans is whether an American soldier is the responsibility of the American government during his tenure in the service.

The other side of the coin is that the United States is making all sorts of agreements whereby Americans troops are readily commodities in military aid. It was testified that there are many administrative agreements of all sorts.

Thus, some Americans are working under the direction of NATO and when they are situated in NATO countries, they are under the supervision of those countries. Actually, at this moment, they are under the command of a German, Gen. Hans Speidel.

In Japan, there is no Status of Forces treaty and therefore there are a series of documents, products of numerous negotiations which, it is to be hoped, the Supreme Court will evaluate juridically and not politically, although many recent decisions of this court have been political.

The Supreme Court decision will determine whether when an American joins the armed forces either by draft or enlistment, he loses his constitutional rights for the duration of his service.

This decision will also apply to reserves and therefore the question arises for what part of a man's life does he lose his constitutional rights.

The generals and admirals who sit on the Joint Chiefs of Staff ought to be on their knees praying that the Supreme Court decides against them because otherwise they will discover, altogether too late, that enlistments fall off reserves disappear as quickly as possible, and that this is a principal issue in the 1958 congressional campaign.

It might even lead to a constitutional amendment that no American can be deprived of his constitutional rights under any circumstances, and it could create an antagonism to the armed forces that could really hurt the country.

In a word, the Girard case could so tie the defenses of this country into a political knot that no one could cut through because it would, in a political campaign, raise related questions that the

By George Sokolsky

military do not want raised at this time.

For instance, if Joe McCarthy were alive, he would ask, "Who promoted Peress?"

It was bad judgment to permit such a case to become an issue at this time. The repetition of the phrase, "at this time," is intentional because it establishes the possibility that an arrogance of attitude is developing in both the State Department and the Department of Defense which could stimulate a political reaction at the polls in 1958. Little events lead to big crises.

(Copy: 1955 King Features Syndicate Inc.)

El Salvador, in Central America, is Spanish for "The Saviour." Its capital, San Salvador, means Holy Saviour.

## Laff-A-Day

"You seldom see a wife show more interest in her husband's job than Mrs. Foley."

## Diet and Health Strange Affliction Puts Victims Asleep

By HERMAN N. BUNDESEN

While most of us have been bothered by our inability to sleep from time to time, some unfortunate persons have exactly the opposite problem. Instead of insomnia, they have narcolepsy.

Narcolepsy—you've probably never heard the word before—is a condition of involuntary sleep. Victims have sudden attacks of extreme and irresistible sleepiness. Often without warning, they abruptly fall asleep for periods ranging from less than a minute to two hours.

Inappropriate Time

Just about everyone, I suppose has fallen asleep while sitting in a chair, riding in a bus or train, or at other inappropriate times and places. Generally, you fall asleep suddenly because you are tired.

In narcolepsy, however, weariness has nothing to do with the patient's inability to remain awake. The sleep itself appears to be a normal physiologic sleep; it's the paroxysmal and inappropriate occurrence that is abnormal.

Starts Early

Most cases originate about the time of puberty or just after it, with about half of them beginning between the ages of 10 and 19. Most victims—70 to 80 per cent—are males.

It's fairly easy for a doctor to diagnose a case of narcolepsy, although discovery of the cause sometimes is impossible. Sometimes it occurs following encephalitis, head injury, or with a tumor, multiple sclerosis, cerebral arteriosclerosis, diabetes, hyper-

insulinism or syphilis of the central nervous system. With some patients, there is a family history of epilepsy.

Other Possibilities

Some persons with personality disorders also suffer from this uncontrolled sleep. It may be that it is a neurotic defense against anxiety. Perhaps it is a means of unconscious or even conscious escape from problems.

At any rate, most victims of narcolepsy need both physiologic and psychologic help.

We have several drugs available to alleviate these attacks, but probably the two used most are benzedrine sulfate and ephedrine sulfate. Initial doses of any drug must be planned carefully because in most cases treatment is carried out over a long period of time. Psychologic treatment generally is helpful also in preventing any anxiety states from developing.

QUESTION AND ANSWER  
Mrs. A. L.: Can a baby be delivered successfully by caesarean section after the mother has died?

Answer: Many cases have been reported in which a living baby has been delivered by caesarean section after the mother's death.

Sheep, in the south of Chile, sometimes grow such heavy wool that when it rains, they get water soaked and are unable to get onto their feet. Death from starvation or disease is usually the result.

Uruguay derives its name from two Indian words: "urn" and "ay," meaning River of Colorful Birds

Wedding in Cincinnati Of Much Local Interest

Miss Mary Louise Dulle, daughter of Mr. and Mrs. Elmer Dulle of Cincinnati became the bride of Charles R. Boylan, son of Mr. and Mrs. Howard Boylan of Washington C. H. in a double ring ceremony in St. Mary's Catholic Church in Cincinnati at 9:30 a. m. Saturday, June 29, the Rev. Leo Schmitt reading the impressive ceremony.

A variety of white pompoms with backing of white gladioli added to the lovely setting, decorating the church and the altar. A male choir, accompanied by the church organ, sang the nuptial mass with a solo "Ave Maria," sung by the tenor.

The bride wore a gown of white delustrated satin with a veil of Venetian lace. She carried white roses and left a white rose bouquet at the statue of the Blessed Virgin.

Her maid of honor, in lavender shantung, was her sister, Rosemary Dulle, and bridesmaids, in champagne shantung, were Margaret Wimberg and Anne Dulle. The attendants carried violets and sweetheart roses and wore hats of violets.

James Boylan of Columbus was best man and ushers were John Dulle, William Dulle and Joseph Dulle, brothers of the bride.

The bride's mother wore a dress of pink embroidered cotton with matching shoes and hat and Mrs. Boylan wore ice blue lace with white accessories. Each had a white orchid corsage.

Following the ceremony a breakfast and reception was held at Hyde Park Country Club in Cincinnati from noon until 4 p. m., during which time the Apostolic blessing from Pope Pius XII was delivered by Monsignor Robert Sherry.

The reception room was decorated with multi-color pompoms and gladioli on the mantel behind the receiving line, as were the tables, with a pink candle centering each. The bride's table was covered with a pink tablecloth, pink candles in four candelabrum, with multi-color pompoms in the center and at the

ends of the table. Soft music played during the reception.

When the couple left for Fort Lauderdale, Fla., and New Orleans, La., the bride was wearing a black and white linen suit dress and when they return from their wedding trip they will live in Cincinnati, where Mrs. Boylan has been a teacher at Guardian Angel School and her husband is a tax accountant with the Procter and Gamble Company.

Mr. Boylan graduated from Washington C. H. High School and received his Bachelor of Science degree from Indiana University. His wife received the same degree from the College of Mount St. Joseph.

Among those attending the wedding and reception were Mr. and Mrs. Gordon Davis, Mr. and Mrs. Wayne Manahan, Mrs. Homer Rukey, Mr. and Mrs. William Thompson and son, Bobbie, Mr. and Mrs. Frank Boylan, Mr. and Mrs. Jack Smith, Mrs. William Boylan and daughters, Lynn and Jerie and sons, Michael and Joe, and Mr. and Mrs. Hugh Backenstoe, all of Washington C. H.

Miss Lorane Kruse, Mr. and Mrs. Gail Hall, Mr. and Mrs. James Boylan and sons, Gary and Bruce and Mr. and Mrs. John Boylan of Columbus, Mr. and Mrs. William Boylan, Mr. Sterling, Mr. and Mrs. Jack Boylan, Adrian, Mich., Mr. and Mrs. Harold Miley and Mr. and Mrs. Marion Miley of Greenfield.

Fair Details Completed at Board Session

Members of the Fayette County Fair Board completed final arrangements for the 1957 exposition at a meeting Monday night.

This year's Fair will open Tuesday, July 23, and will run through Friday, July 27.

The opening night will be Junior Fair Night with a free grandstand, although the usual admission charge will be made at the gate.

Aside from a general discussion of details, the board made arrangements with the Gaines Tent and Awning Co., London, for approximately 12 extra tents which will be used for overflow general exhibits.

The board also approved new wiring on the midway and in the farm equipment display area.

The meeting was the last for the board prior to the actual opening of the Fair.

Church Announcements Requested Wednesday

Church announcements for Friday's Record-Herald should be delivered to the newspaper office by 2 p. m. Wednesday to insure publication.

The deadline change is necessary because of the Thursday holiday.

Sorority Enjoys Come-As-You-Are

A come-as-you-are party was held last night by Xi Beta Psi chapter, Beta Sigma Phi sorority at the home of Mrs. Harry Campbell. The meeting opened in ritualistic form and reports of the committees on plans for the coming year were approved.

The group voted to sponsor a Friday night dance at City Park and decided to have a basket dinner and swim night on July 17. When charades were played, winners were Mrs. Lee Alderman and Mrs. Ray Jennings.

Refreshments were served by the hostess to members and a guest, Mrs. Robert McClure of Columbus. The next meeting will be held August 19 at the home of Mrs. Roy Hagler.

UN Is Subject Of Church Meet

The quarterly meeting of the Women's Association of the First Presbyterian church will be held Wednesday evening at 7:30 at the church. The public is invited to hear two women from Worthington Presbyterian church, who will discuss the operation of the United Nations and will conduct a question and answer period following their discussion.

Members of the association are reminded to bring envelopes containing the summer offering for medical missions. Guests at the meeting will include women of the Bloomingburg and McNair Presbyterian churches. A social hour will follow the program with refreshments being served by Circles 2 and 6, Mrs. John E. Bailey and Mrs. Leonard Stephenson, leaders.

Sorority Picnic

Phi Beta Psi sorority held their annual picnic last evening at Cedarhurst, the cottage of Mrs. William Junk. A short business meeting was held with Mrs. Eddie McCoy, president, in charge and plans were discussed for the ice cream booth which the sorority will have at the Fayette County fair.

Inactive and associate members were guests and the committee was composed of Mrs. Robert Hagerty and Mrs. Hugh Payton with Mrs. Ed Vollette assisting.

Installation Held By Women of Moose

The governor of the Moose Lodge, Earl Allison, was installing officer when the Women of the Moose met in business session for installation ceremonies at the Moose Hall.

The following officers were inducted: Senior Regent, Hazel Lucas; Junior Graduate Regent, Ethel Smith; Junior Regent, Dorothy Phillips; Chaplain, Bessie Daugherty; Treasurer, Ollie Keller; Guide, Jacqueline Phillips; Assistant Guide, Martha Workman.

After the ceremonies a surprise luncheon was served to the group.

Ed Korn Is Usher At Akron Wedding

Mr. and Mrs. Leonard Korn and son Ed were in Akron Saturday where Ed was an usher at the wedding of a fraternity brother, George Elsworth Gale III of East Greenwich, Rhode Island, to Miss Nancy Hitchcock of Akron.

The ceremony was performed in the Church of Our Savior in Akron and a reception was held at Akron City Club. Mr. Korn and Mr. Gale

Women Advised To Increase Interest in World Affairs

By JANE EADS WASHINGTON (AP)—A woman's place today is in the world, says Dr. Margaret Mead, noted anthropologist, author and teacher, but if she is to assume it both sexes must forsake their present "over-emphasis on domesticity."

Dr. Mead, associate curator of ethnology at the American Museum of Natural History in New York, says women have "agreed to the male definition that making a home is a full-time occupation" and have cooperated in developing the present state of American society in which making a home is now felt to be "an adequate contribution." It is time for a new note, she told a women's meeting, "time we turn from an exclus-

ive interest in ourselves, our own families, our own communities, our own continent, and concern ourselves with the world."

"The world," she said, "needs people who can see into the widening future."

Dr. Ana Moya de Perera, specialist with the Division of Education, Pan American Union, told another meeting that men are in danger of becoming "inferior to women."

Dr. Moya made the assertion after hearing delegates of four American republics to the Inter American Commission of Women report that girls are outnumbering boys in completing their schooling in their countries. "Unless something is done," she

said, "in a few years we will be facing the same imbalance we've been battling, only men will be inferior to women."

suffer, she cautioned, unless boys are educated equally with girls. "Women should be interested in progress for society, and not just for women alone," she said.

Shopping Binge Every Day Is This Gal's Practice

By DOROTHY ROE Associated Press Women's Editor You never know when a weakness will come in handy.

Take Barbara Olson, for instance. Like many women, she has a weakness for shopping. Always has. Loves to wander through the stores and price things. Buys things just for the fun of it. You know how it is. Men are always complaining about this feminine trait.

But Barbara, a casual blonde from Rochester, has built a highly successful career on this compulsion. For more than 10 years she has been doing the shopping for

TV giveaway shows. And she's so good at her job that nowadays she is one of the bigwigs of the business, currently production manager for the TV panel show "The Price Is Right," in which members of the audience bid on an astounding variety of merchandise — the one whose bid is closest to the correct price wins the article.

"We've given away everything from a live pony to a summer cottage complete with furniture on the show," says Barbara, "and all of it has to be right there on the stage when the show goes on the air. Sometimes it's a little difficult — like the time we had to get a 50-foot cruiser through the doors and into the studio."

Refreshments were served by the hostess to members and a guest, Mrs. Robert McClure of Columbus. The next meeting will be held August 19 at the home of Mrs. Roy Hagler.

UN Is Subject Of Church Meet

The quarterly meeting of the Women's Association of the First Presbyterian church will be held Wednesday evening at 7:30 at the church. The public is invited to hear two women from Worthington Presbyterian church, who will discuss the operation of the United Nations and will conduct a question and answer period following their discussion.

Members of the association are reminded to bring envelopes containing the summer offering for medical missions. Guests at the meeting will include women of the Bloomingburg and McArthur Presbyterian churches. A social hour will follow the program with refreshments being served by Circles 2 and 6, Mrs. John E. Bailey and Mrs. Leonard Stephenson, leaders.

Sorority Picnic

Phi Beta Psi sorority held their annual picnic last evening at Cedarhurst, the cottage of Mrs. William Junk. A short business meeting was held with Mrs. Eddie McCoy, president, in charge and plans were discussed for the ice cream booth which the sorority will have at the Fayette County fair.

Inactive and associate members were guests and the committee was composed of Mrs. Robert Hagerty and Mrs. Hugh Payton with Mrs. Ed Vollette assisting.

Installation Held By Women of Moose

The governor of the Moose Lodge, Earl Allison, was installing officer when the Women of the Moose met in business session for installation ceremonies at the Moose Hall.

The following officers were inducted: Senior Regent, Hazel Lucas; Junior Graduate Regent, Ethel Smith; Junior Regent, Dorothy Phillips; Chaplain, Bessie Daugherty; Treasurer, Ollie Keller; Guide, Jacqueline Phillips; Assistant Guide, Martha Workman.

After the ceremonies a surprise luncheon was served to the group.

Ed Korn Is Usher At Akron Wedding

Mr. and Mrs. Leonard Korn and son Ed were in Akron Saturday where Ed was an usher at the wedding of a fraternity brother, George Ellsworth Gale III of East Greenwich, Rhode Island, to Miss Nancy Hitchcock of Akron.

The ceremony was performed in the Church of Our Savior in Akron and a reception was held at Akron City Club. Mr. Korn and Mr. Gale

Women Advised To Increase Interest in World Affairs

By JANE EADS WASHINGTON (AP)—A woman's place today is in the world, says Dr. Margaret Mead, noted anthropologist, author and teacher, but if she is to assume it both sexes must forsake their present "over-emphasis on domesticity."

Dr. Mead, associate curator of ethnology at the American Museum of Natural History in New York, says women have "agreed to the male definition that making a home is a full-time occupation" and have cooperated in developing the present state of American society in which making a home is now felt to be "an adequate contribution." It is time for a new note, she told a women's meeting, "time we turn from an exclusive interest in ourselves, our own families, our own communities, our own continent, and concern ourselves with the world."

"The world," she said, "needs people who can see into the widening future."

Dr. Ana Moya de Perera, specialist with the Division of Education, Pan American Union, told another meeting that men are in danger of becoming "inferior to women."

Dr. Moya made the assertion after hearing delegates of four American republics to the Inter American Commission of Women report that girls are outnumbering boys in completing their schooling in their countries.

"Unless something is done," she

said, "in a few years we will be facing the same imbalance we've been battling, only men will be inferior to women."

Society and women will both suffer, she cautioned unless boys are educated equally with girls.

"Women should be interested in progress for society, and not just for women alone," she said.

Shopping Binge Every Day Is This Gal's Practice

By DOROTHY ROE Associated Press Women's Editor You never know when a weakness will come in handy.

Take Barbara Olson, for instance. Like many women, she has a weakness for shopping. Always has. Loves to wonder through the stores and price things. Buys things just for the fun of it. You know how it is. Men are always complaining about this feminine trait.

But Barbara, a casual blonde from Rochester, has built a highly successful career on this compulsion. For more than 10 years she has been doing the shopping for

TV giveaway shows. And she's so good at her job that nowadays she is one of the bigwigs of the business, currently production manager for the TV panel show "The Price Is Right," in which members of the audience bid on an astounding variety of merchandise — the one whose bid is closest to the correct price wins the article.

"We've given away everything from a live pony to a summer cottage complete with furniture on the show," says Barbara. "and all of it has to be right there on the stage when the show goes on the air. Sometimes it's a little difficult — like the time we had to get a 50-foot cruiser through the doors and into the studio."

are members of Phi Gamma Delta fraternity at Ohio Wesleyan, Delaware.

## Social Happenings

6 The Record-Herald Tuesday, July 2, 1957  
Washington, C. H., Ohio

### WCTU Meets With Mrs. Wilson Hostess

Mrs. James F. Wilson was hostess to the WCTU at the new home of her daughter, Mrs. Marvin E. Thornburg, on Circle Ave. Garden flowers decorated the living room.

Mrs. John G. Jordan conducted the meeting, Mrs. Trox Farrell was devotional leader, reading the scripture story of Moses and the burning bush. Secretary and treasurer's reports were given by Mrs. B. E. Kelley and Mrs. Eliza A. Sanderson and the group decided to obtain blotters to be distributed at the WCTU booth at the Fayette county fair.

Mrs. Jordan had copies of a publication to be used in temperance work with children. Mrs. John Case distributed cards to protest alcoholic beverages being served in airplanes, and a petition was signed to protest such advertising on radio and television. Mrs. Case was program leader.

The Flower Mission reported calls, cards, bouquets, gifts and donations and Mrs. Jordan named a nominating committee to report at the next election meeting, committee members being Mrs. Robert F. Wilson, Mrs. Homer G. Garringer and Mrs. Thomas Watts. The group's July meeting will be the annual picnic at the Jordan home at 6 p.m.

Mrs. Thornburg and young son, Roger, assisted by Mrs. Hugh Smith, Mrs. Garringer and Mrs. Bernice Duckwall, served cooling

### Junior Garden Club Meets at City Park

Members of the Washington Junior Garden Club met at City Park for a sack lunch. Mrs. John Callender conducted the meeting, roll call being answered with the name of a favorite rose color.

Reports were read and accepted and a letter was read from the hospital thanking the group for the gift of a rose bush. The program concerned care of rose bushes. Next meeting will be in the form of a hike to identify wild flowers.

### Wipers Have Guests

Recent houseguests at the home of Mr. and Mrs. Roy P. Wipert and daughter, Becky were Mr. and Mrs. Ralph Pulver and children, Roy, Maureen, Marilyn and Judy, of Chicago, and Mr. and Mrs. Elmer Pulver and children, Lisa and Douglas of Clarksburg, W. Va.

Additional guests Friday evening were Mr. and Mrs. Lee Pulver of Bainbridge and Mr. and Mrs. Robert Pulver and daughter, Linda, of Wilmington and on Sunday Mr. and Mrs. William Kriebel, children Nancy and Gregory of Philadelphia and Airman Dan Wipert on weekend pass from McGuire Airforce Base, Trenton N. J.

refreshments to the members during the social hour and Mrs. Thornburg invited the group to attend the golden wedding anniversary celebration for her parents, Dr. and Mrs. James F. Wilson, at their home July 21 from 2 until 5 p.m.

### Engagement Is Announced In Chillicothe

Mr. and Mrs. Paul Calvin Van Voorhis of Chillicothe, formerly of Washington, C. H., are announcing the engagement of their daughter, Patricia Jane, to Mr. Worby Davis Gemmill, son of Mr. and Mrs. Worthy Bryant Gemmill of Shaker Heights.

Miss Van Voorhis is a graduate of Washington, C. H. High School and is a junior in nursing at Ohio State University. She is a member of Kappa Alpha Theta Sorority. Mr. Gemmill is a junior in the college of medicine at Ohio State and is a member of Zeta Psi fraternity and Nu Sigma Nu medical fraternity.

The wedding will be an event of June, 1958.

### Personals

Mrs. Thomas Cullen and Mrs. Eugene Thompson, members of the First Baptist Church attended a 3-day session of the annual Ohio Baptist Women's Houseparty on the campus of Dennison University at Granville. There were 1,250 women in attendance.

Mrs. Selsor Fenner is returning to her home in Melbourne, Fla., following a visit with her mother, Mrs. E. F. Todhunter, who has been ill.

Mr. and Mrs. G. M. Reno and daughters, Susan, Judy and Kathleen of Auburn, Ind., were overnight guests of Mrs. Thomas Cullen this past weekend.

Mr. and Mrs. A. H. Herr returned Monday from a buying trip to New York City.

### Party Celebrates Seventh Birthday

To celebrate Rebecca Ann's seventh birthday, Mrs. Clarence Runnels invited a group of her friends to a party Saturday afternoon at their home in Bloomingburg. Games were played in the yard and prizes were awarded to Kim Keaton, Sharon Huff and Rita Evans.

Rebecca Ann opened her many gifts and her mother, assisted by Nadine Noble, served refreshments,

picnic style to the guests. In addition to lollipops and bubbles, which were favors for the small party, individual cakes, ice cream squares with 'Happy Birthday' written on them and pink lemonade delighted the guests.

Attending the party were Vicki and Kathy Bossier and Jeri Ann Runnels of Springfield, Sarah Jean Wyatt of Chillicothe, Vicki and Diane Zimmerman of Columbus, Judy Michaels, Pamela Barton, Jo Lynn Jones, Rita Jane Sexton, and the contest prize winners, all of Bloomingburg, Mrs. James Runnels and Mrs. John Wyatt accompanied their children to the party and special guests were Rebecca Ann's grandmother, Mrs. Alice Runnels, and her brothers, Barry and Timothy.

### Reception Held at Smith Home

Superintendent and Mrs. W. A. Smith held a reception Sunday from 3 to 5 and 7 to 9 at their home, 204 E. Paint St., to bid farewell to school principals who are leaving the Washington, C. H. school scene. Those honored were Mr. and Mrs. John Trace, Mr. and Mrs. Leo Whiteside and Miss Helen Skaggs.

Other guests were teachers and board members and employees of the city school system.

Miss Janet Smith and Miss Ann Johnson presided at the tea tables.

### Birthday Party

Mr. and Mrs. Joseph Daugherty and children, Richard, Roger, Joellen and Janie, of Good Hope entertained Sunday with dinner for Mr. and Mrs. Oscar Glass, Jamestown, Mrs. Mary Slusher, New Jasper and Mr. and Mrs. William Goble and children, Ronie and Vickie, of Bowersville.

Mr. Daugherty, Mrs. Slusher, Mrs. Glass and Ronie Goble were all celebrating birthdays, and for that occasion the hostess served homemade ice cream and birthday cake in the afternoon.

### Cleveland Dies Aboard Big Airliner

PARIS (P)—Philippe Troha, 67, of Cleveland, died aboard an Air France plane flying from New York to Paris, airline officials report.

Troha, who was retired, was en route to Zagreb, Yugoslavia, with his wife and a small group of friends for a vacation when he was stricken with a heart attack.

## CONSTIPATED?

New laxative discovery un-locks bowel blocks  
without gag, bloat or gripe

Constipation is caused by what doctors call a "thrift" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H stimulate it to action; to a normal urge to purge.

And, of all laxatives, only COLONOID, the amazing new laxative discovery possesses COLONOID's great moisturizing capacity, plus COLONOID's stretch-simulating bulk. So effective it relieves even chronic constipation overnight, COLONOID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONOID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONOID exercises your colon to tone it against constipation, overnight! Get COLONOID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

"What You Want, Is In Washington Court House"

# Skelton Wants Doomed Son To See World

WASHINGTON (AP)—If comedian Red Skelton has his way, his nine-year-old son, Richard will see as many of the "wonders of the world" in the next few weeks as many people see in a full lifetime.

Richard has leukemia, a blood disease that usually is fatal.

The Skeltons are in the midst of a five-day sightseeing tour of the capital. They've already been to New York, Philadelphia, and Boston. And Skelton said they'll head later for London, Rome and perhaps other faraway places. Richard's sister, Valentina, 10, is traveling with them.

The comedian, minus his usually broad grin, said he wants to help Richard pack a lot of experiences into a limited time. Skelton asked a newsmen:

"In what better way could I do it than show him the wonders of the world, the miracles and near miracles, all the places he's heard of but has never seen?"

Skelton said he also hopes while in Washington to help out in the drive for cancer funds.

The Skeltons already have done much and seen much.

In New York, they drove a train through the Grand Central yards, ran an elevator high up in the Empire State Building, climbed to the top of the Statue of Liberty, visited St. Patrick's Cathedral and went to Radio City.

In Philadelphia they stood in Independence Hall and viewed the Liberty Bell.

In New England, they boarded the Mayflower II and saw Plymouth Rock.

While in Washington, they plan to sit in on House and Senate sessions, to stop in at the White House, to stroll through the Smithsonian Institution, and to cross into nearby Virginia to see George Washington's home at Mount Vernon.

Richard had one special request—to see the Washington Monument. He spoke of it as "the monument with all the steps and the little red lights on top." The lights are there as a warning to low flying planes.

# Metal Industry Sales Volume Up 3.8 Pct.

CLEVELAND (AP)—The sales volume of the metal working industry is headed for a record this year, with a 3.8 per cent increase expected in the next six months, "Steel" Magazine said today.

The trade publication estimated sales would reach 138 billion dollars this year compared with 133½ billion in 1956, the previous record year.

Profits will be down slightly in the second half of the year, "Steel" said, because wages and the cost of materials are rising more rapidly than selling prices.

The magazine said its estimates were based on answers received in a survey in which general managers of more than 5,000 metal working plants were queried. Seven out of 10 contacted predicted that their dollar volume this year will be as large or larger than it was in 1956.

Selling prices in the last six months this year will be 1.7 per cent higher than in the first six months, but manufacturing costs will be up 3.7 per cent, the magazine said. Many plants are reluctant to raise selling prices to cover increased costs, it added, because they fear tougher selling in a buyers' market.

Steel production last week dropped two points to 86 per cent of rated capacity, or 2,201,161 net tons. The low points for the year in both production and consumption are expected to be reached over the July 4 holiday.

"Steel's" price composite on steelmaking scrap last week stood at \$55.83 a gross ton, the highest since January. This was an advance of 16 cents a ton over the previous week. The composite on finished steel remained at \$140.24 a net ton.

# Dapper Sen. Green Charmer When Speaking to Women

By JANE EADS  
WASHINGTON (AP)—Sen. Theodore Francis Green (D-R.I.), introduced as being loved by every one except taxi-drivers (he prefers walking to riding), made his usual hit with the ladies at a luncheon recently. He began by calling them men.

"It's like a friend of mine explained after addressing a group of women similarly," he said. "When I say 'men,' remember men embrace women."

The dapper 89-year-old bachelor, in a light grey suit with pale green tie and matching pocket handkerchief, chose for the title of his talk: "Women and Foreign Policy."

"Since I am bachelor chairman on foreign relations," he explained, "it is assumed I could not possibly know about domestic relations."

Green told the women that foreign policy affects every citizen and that, since their contribution may be direct, it is important they keep themselves up-to-date and intelligently informed.

"You in charge of the home," he said, "can encourage and develop family understanding of foreign affairs. Every housewife should belong to at least one organization devoted to the study of current events and foreign affairs."

The mother's role is even more challenging, he added:

"It offers the opportunity to influence the world of today as well as the world of tomorrow. The mother should encourage the child's good education in history, geography, economics, for no matter what he specializes in later, a good general background in these subjects is important."

America's homemakers are the best fighters for highway safety,

Eunice Heywood, Department of Agriculture official, told a traffic seminar here recently.

"Women are the natural protectors of family welfare," she said, "and family welfare today is threatened by mounting auto casualties."

Miss Heywood urged the women to take action in improving driving conditions, either in training within the home or in community traffic planning.

# Law's Long Arm Holds Sitter's Hand

FRANKLIN, Ky., (AP)—A voice on the telephone told the sergeant at Police Headquarters to "come out to my house. Something awful is about to happen."

When police arrived at the Kratzert home they found 4-year-old Billy hiding behind a couch.

"What's the matter, feller?" asked the law.

"She was going to spank me," said the youngster, pointing at a baby-sitter.

Police persuaded the sitter to let Billy's parents take care of the matter when they returned.

MENDERS AND BLENDERS

Penny Noble, president, opened the meeting of the Menders and Blend-

ers. Susie Welsh read the 23rd Psalm. Roll call was answered by giving the name of a fruit.

Plans for the Fair booth and the talent show were discussed.

Members reported their projects almost completed. Mrs. Parrett judged the sack lunches we had prepared.

The next meeting will be Friday 3:30 p. m. at the home of Mrs. Huff. Project books and all the sewing articles the girls have made are to be brought to the meeting.

Shirley Parrett

Dumped At City Hall

SEPTILES, QUE (AP)—A citizen angered because the municipal collectors overlooked his garbage, loaded the refuse in his car, drove it to the city hall and dumped it on the front steps under the eyes of a tolerant policeman.

Great volcanic eruptions throw so much fine dust into the air that "spectacular" sunsets follow for months afterwards.

Skelton Wants Doomed Son To See World

WASHINGTON (AP)—If comedian Red Skelton has his way, his nine-year-old son, Richard, will see as many of the "wonders of the world" in the next few weeks as many people see in a full lifetime.

Richard has leukemia, a blood disease that usually is fatal. The Skeltons are in the midst of a five-day sightseeing tour of the capital. They've already been to New York, Philadelphia, and Boston. And Skelton said they'll head later for London, Rome and perhaps other faraway places. Richard's sister, Valentina, 10, is traveling with them.

The comedian, minus his usually broad grin, said he wants to help Richard pack a lot of experiences into a limited time. Skelton asked a newsman:

"In what better way could I do it than show him the wonders of the world, the miracles and near-miracles, all the places he's heard of but has never seen?"

Skelton said he also hopes while in Washington to help out in the drive for cancer funds.

The Skeltons already have done much and seen much. In New York, they drove a train through the Grand Central yards, ran an elevator high up in the Empire State Building, climbed to the top of the Statue of Liberty, visited St. Patrick's Cathedral and went to Radio City.

In Philadelphia they stood in Independence Hall and viewed the Liberty Bell.

In New England, they boarded the Mayflower II and saw Plymouth Rock.

While in Washington, they plan to sit in on House and Senate sessions, to stop in at the White House, to stroll through the Smithsonian Institution, and to cross into nearby Virginia to see George Washington's home at Mount Vernon.

Richard had one special request—to see the Washington Monument. He spoke of it as "the monument with all the steps and the little red lights on top." The lights are there as a warning to low-flying planes.

Metal Industry Sales Volume Up 3.8 Pct.

CLEVELAND (AP)—The sales volume of the metal working industry is headed for a record this year, with a 3.8 per cent increase expected in the next six months, "Steel" Magazine said today.

The trade publication estimated sales would reach 138 billion dollars this year compared with 133½ billion in 1956, the previous record year.

Profits will be down slightly in the second half of the year, "Steel" said, because wages and the cost of materials are rising more rapidly than selling prices.

The magazine said its estimates were based on answers received in a survey in which general managers of more than 5,000 metal-working plants were queried. Seven out of 10 contacted predicted that their dollar volume this year will be as large or larger than it was in 1956.

Selling prices in the last six months this year will be 1.7 per cent higher than in the first six months, but manufacturing costs will be up 3.7 per cent, the magazine said. Many plants are reluctant to raise selling prices to cover increased costs, it added, because they fear tougher selling in a buyers' market.

Steel production last week dropped two points to 86 per cent of rated capacity, or 2,201,161 net tons. The low points for the year in both production and consumption are expected to be reached over the July 4 holiday.

"Steel's" price composite on steelmaking scrap last week stood at \$55.83 a gross ton, the highest since January. This was an advance of 16 cents a ton over the previous week. The composite on finished steel remained at \$140.24 a net ton.

# Stengel Picks 8 Yankees For Play in All-Star Tilt

CHICAGO — Casey Stengel, who finds winning pennants a lot easier than All-Star games, has announced the 1957 American League All-Star team which includes eight members of his own New York Yankees.

Stengel named six Yankees to the squad in addition to catcher Yogi Berra and centerfielder Mickey Martle, both picked as starters in a public poll for the July 9 classic at St. Louis.

Detroit landed four players while Chicago, Cleveland and Baltimore had three each, Boston two and Kansas City and Washington one each.

Aside from Berra and Mantle, the starting lineup will find Cleveland's Vic Wertz at first base, Chicago's Nellie Fox at second, Baltimore's George Kell at third, Detroit's Harvey Kuenn at shortstop, Boston's Ted Williams in left field and Detroit's Al Kaline in right field.

Stengel, who has led the Yankees to seven pennants in eight years but has won only one All-Star game in six chances, will decide on the starting pitcher. The Nationals have won six of the last seven games but the Americans have a 13-10 edge.

All members of the starting lineup have seen previous All-Star duty. Williams, the daddy of them all, will be making his 13th appearance in the classic. Berra is next having played in eight games.

The pitching staff will consist of Billy Pierce of Chicago, Bobby Shantz and Bob Grim of New York, Early Wynn and Don Mossi of Cleveland, Jim Bunning of Detroit and Billy Loes of Baltimore.

Pierce, Shantz and Mossi are left-handers.

Elston Howard of New York and Gus Triandos of Baltimore will be available to help Berra with the catching while the infield reserves include Joe De Maestri of Kansas City, Frank Malzone of Boston

and Gil McDougald, Bobby Richardson and Bill Skowron of New York.

Backing up the starting outfield will be Roy Sievers of Washington, Minnie Minoso of Chicago and Charlie Maxwell of Detroit.

Malzone and Richardson are the only rookies on the squad. Eight other players were named to the squad for the first time. They are Bunning, Grim, Loes, Mossi, Howard, Triandos, De Maestri and Skowron.

Pierce and Shantz carry enviable All-Star pitching records. Pierce has hurled nine innings and allowed only one earned run.

Shantz worked one memorable inning in the 1952 game which was halted by rain with the National League taking a 3-2 decision. Shantz pitched the fifth and final inning of the contest, and struck out Whitey Lockman, Jackie Robinson and Stan Musial in order. Rain wiped out his chance of possibly equalling Carl Hubbell's five strikeouts in a row in the 1934 game.

In Chicago recently, Stengel was watching Pierce warm up and said: "I sure hope that fella is in good shape when he runs into those National Leaguers. I like the way he pops that ball in there."

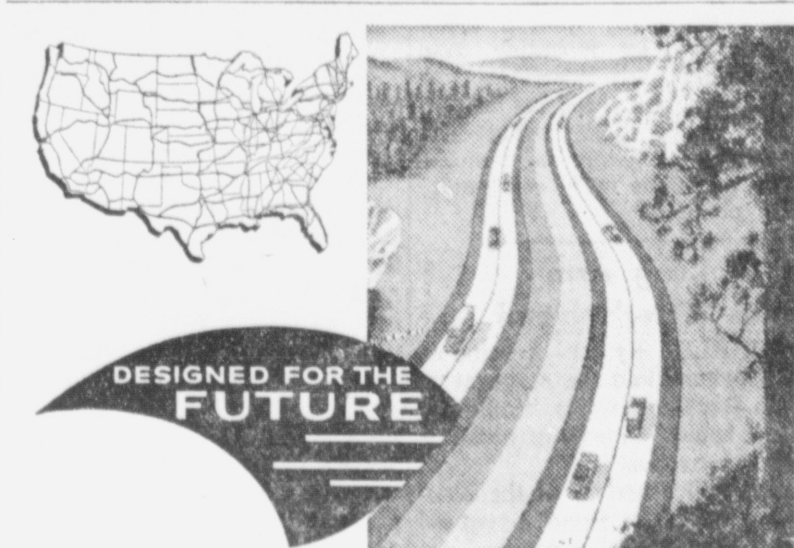

Stengel must play the eight voted starters at least three innings. After that he may shuffle at will. No pitcher is allowed to

work more than three innings unless the game goes into extra innings.

Alex Keilner and Wally Burnette of Kansas City will be the batting practice pitchers and coach Ray

Berres of the Chicago White Sox will catch batting practice.

Stengel's coaches will be Frank Crosetti and Jim Turner of New York and the trainer will be Gus Mauch, also of New York.

DESIGNED FOR THE FUTURE

## Safety WITH CONCRETE

The National System of Interstate and Defense Highways, designed in every way for your safety, should be paved for safety . . . with concrete.

Rigid concrete doesn't soften and ripple and washboard. Its low crown doesn't interfere with steering. Its high skid resistance and high visibility at night let you drive in comfort and confidence over the safest, smoothest-riding road surface that American highway engineers know how to build.

## PORTLAND CEMENT ASSOCIATION

50 West Broad Street, Columbus 15, Ohio  
A national organization to improve and extend the uses of portland cement and concrete . . . through scientific research and engineering field work.

## Youth League Chatter

### On the Sidelines

Main factor in the Brays win streak is their ability to come up with a big inning when sorely needed. Good example of this is best given in a recount of their last game with Bloomington. The Bloomington boys were ahead by a score of 7-3 going into the Brays half of the inning. Brays came up with six runs on four hits and went on to beat their demoralized opponents, 9-8.

Dale Lynch, Main Restaurant hurler in the Little Minor League, fired a no-hitter against the Loafers Saturday evening while striking out 13 of a possible 15. Dale's feat was the best yet by a Minor League hurler.

Batters say Jim Cook, righthanded pitching ace of the Jeff Babe Ruth club, has the best curve in the league and a very good fast ball. In three outings Cook has twirled three complete games, a total of near 53 strikeouts, three victories, and has given up only five runs.

The last-place Realtors pulled the biggest upset of the Little League season Saturday night as

they whipped the Jets and knocked them from the top rung of the L.L. standings.

Bob Huff, Girton third baseman, snapped his doubles skein last week when his team trounced the Seals. Having doubted in his previous trip to the dish, "Belkin Bob" lashed a Jack Gardner fast ball into the left field corner for a triple to break his doubles string at seven straight. Huff got his first single of the year in the next inning.

Seven errors were committed by the Washington American Legion team at Springfield Sunday. The Legion Juniors absorbed their first defeat of the year at the hands of the Springfielders and were practically helpless at the plate, getting only five base hits.

Buddy Snyder, Legion pitcher, has exhibited excellent control in his two stints on the hill for the Washington team, walking only five batters. When someone commented on his control the other day, Snyder replied that he had set up a target in his back yard and had spent many hours throwing rubber balls at a certain spot.

## 19th Hole For Golf

Rain last week was the biggest hazard faced by golfers at the Country Club here, but they did manage to play off 32 matches in the first round of the annual handicap tournament.

Play in the regular Friday evening golf league was balked by the downpour, and will not be resumed until July 12, because no matches were scheduled for the coming Fourth of July weekend.

Clarence Maddox and Dutch Rife played their tournament match in Friday's downpour—and came in soaked to the skin.

The "casual water" rule was in effect all last week. "Casual water" is a temporary accumulation after a rain and the ball may be moved out of it without penalty.

But, despite the water and soggy fairways, some good scores have been turned in. Bill Himmel-spach, playing the best golf of his career, set the pace with a one-under-par 35. Paul Gessner had a 39. Bud Schlue came through with a 37 and 39, for an 18-hole score of 76, only 4 over par. John Elcessor, the southpaw whizzer, shot an even par 72 for 18 holes.

THIS AND THAT from the notebook of Tony Capuana, the club pro:

Dick LeBeau, Ohio State University halfback, carded a 72 when he played the course here.

The next Scotch foursome is July 21 and the next club dance in Aug. 17.

John Petty was hole high on No. 9 with his second shot.

Steve Haines, son of Dr. and Mrs. Frances Haines, is working hard on his game and getting results.

Dr. Philip E. Binzel turned in 41 and 42 for his best-ever 18-hole total at 83 and came back the next day to card an 86 just to prove the other was no fluke.

Mrs. Charles Griffiths' big smile was due to her best-ever 53, which included a birdie on No. 8.

Mrs. Harry Fox was out for the first time this season.

Mr. and Mrs. George Smith and two daughters are a regular golfing family.

Stengel must play the eight voted starters at least three innings. After that he may shuffle at will. No pitcher is allowed to

work more than three innings unless the game goes into extra innings.

Alex Kellner and Wally Burnette of Kansas City will be the batting practice pitchers and coach Ray Berres of the Chicago White Sox will catch batting practice.

Stengel's coaches will be Frank Crosetti and Jim Turner of New York and the trainer will be Gus Mauch, also of New York.

Stengel named six Yankees to the squad in addition to catcher Yogi Berra and centerfielder Mickey Martle, both picked as starters in a public poll for the July 9 classic at St. Louis.

Detroit landed four players while Chicago, Cleveland and Baltimore had three each, Boston two and Kansas City and Washington one each.

Aside from Berra and Mantle, the starting lineup will find Cleveland's Vic Wertz at first base, Chicago's Nellie Fox at second, Baltimore's George Kell at third, Detroit's Harvey Kuenn at shortstop, Boston's Ted Williams in left field and Detroit's Al Kaline in right field.

Stengel, who has led the Yankees to seven pennants in eight years but has won only one All Star game in six chances, will decide on the starting pitcher. The Nationals have won six of the last seven games but the Americans have a 13-10 edge.

All members of the starting lineup have seen previous All Star duty. Williams, the daddy of them all, will be making his 13th appearance in the classic. Berra is next having played in eight games.

The pitching staff will consist of Billy Pierce of Chicago, Bobby Shantz and Bob Grim of New York, Early Wynn and Don Mossi of Cleveland, Jim Bunning of Detroit and Billy Loes of Baltimore.

19th Hole For Golf

Rain last week was the biggest hazard faced by golfers at the Country Club here, but they did manage to play off 32 matches in the first round of the annual handicap tournament.

Play in the regular Friday evening golf league was balked by the downpour, and will not be resumed until July 12, because no matches were scheduled for the coming Fourth of July weekend.

Clarence Maddox and Dutch Rife played their tournament match in Friday's downpour—and came in soaked to the skin.

The "casual water" rule was in effect all last week. "Casual water" is a temporary accumulation after a rain and the ball may be moved out of it without penalty.

But, despite the water and soggy fairways, some good scores have been turned in. Bill Himmel-spach, playing the best golf of his career, set the pace with a one-under-par 35. Paul Gessner had a 39. Bud Schlue came through with a 37 and 39, for an 18-hole score of 76, only 4 over par. John Ellicessor, the southpaw whizzer, shot an even par 72 for 18 holes.

THIS AND THAT from the notebook of Tony Capuana, the club pro:

Dick LeBeau, Ohio State University halfback, carded a 72 when he played the course here.

The next Scotch foursome is July 21 and the next club dance in Aug. 17.

John Petty was hole high on No. 9 with his second shot.

Steve Haines, son of Dr. and Mrs. Frances Haines, is working hard on his game and getting results.

Dr. Philip E. Binzel turned in 41 and 42 for his best-ever 18-hole total of 83 and came back the next day to card an 86 just to prove the other was no fluke.

Mrs. Charles Griffiths' big smile was due to her best-ever 53, which included a birdie on No. 8.

Mrs. Harry Fox was out for the first time this season.

Mr. and Mrs. George Smith and two daughters are a regular golfing family.

The last-place Realtors pulled the biggest upset of the Little League season Saturday night as

When Storms Strike We're Ready...in Ohio

Most Ohioans consider winter our roughest season. But electric power men know that summer storms can do more damage than all the ice and snow.

Whatever the season—when trouble strikes hard, bringing major damage—Ohio's investor-owned electric companies team together to restore service

as quickly as possible.

Our lines are interconnected. Electricity and manpower from other companies are always available for immediate help to a stricken area.

Serving you, the people of Ohio, is our business. We protect this service in every possible way.

Trotters Back At Goshen, but Not Big Race

GOSHEN, N. Y. (AP)—The trotters were back in Goshen today for a week of grand circuit racing at the 103-year old Historic Track, but whether the famed Hambletonian ever returns is anybody's guess.

This tiny Orange County village is loaded with horses eligible for the great 3-year old trotting classic, but the Hambletonian is to be raced for the next two years, at least, in DuQuoin, Ill. Many trotters are training here, and later will be shipped west for the \$100,000 classic Aug. 27.

"I won't exclude the possibility that the Hambletonian will never return to Goshen," said E. Roland Harriman, president of the Hambletonian Society and head of Historic Track.

The Hambletonian came to Goshen in 1930. The late William H. Cane built it up to become the world's most famous harness race. Cane, who died in 1956, once said the Hambletonian would be "just another race" if it ever was moved away from Goshen.

For several years he operated the race at a financial loss. In recent years, under sponsorship of Yonkers Raceway, of which track he was president, it was reported the Hambletonian was run at an annual loss of \$100,000.

The U. S. Trotting Association has been at odds for several years with George Monaghan, New York State harness racing commissioner, over interpretation of rules and other matters. The day after the 1956 Hambletonian, the seven licensed New York trotting tracks offered to subsidize the Hambletonian and absorb any losses. Harriman's Historic Track was one of these, but the offer was rejected, and with a slap at Monaghan the Hambletonian was awarded to E. J. and D. M. Hayes, who operate the DuQuoin State Fair in southern Illinois. Hayes is Hambletonian Society director, and the contract is good for 1957 and 1958.

**Grandview Opens**  
CLEVELAND (AP)—The nine-race opening night card at Grandview's harness race meeting Monday night brought an attendance of 5,491 compared with 4,162 who turned out for last year's opener.

**Asher Gets New Post**  
SPRINGFIELD (AP)—Charles R. Asher, head football coach and assistant basketball coach at Northwestern High School in Clark County, has resigned to accept a position as assistant coach at Euclid High School.

Seeded Tennis Players Advance

CINCINNATI (AP)—Seeded players advanced through their opening match tests Monday in the 58th annual Tri-State Tennis Tournament.

Second seeded Sam Giammalva of Houston, Tex., had one of the easiest victories, defeating Jim Gray of Cincinnati, 6-0, 6-0.

But Barry MacKay, fifth seeded and national intercollegiate champ from Dayton, had to work hard to overcome Rawdon Myers of Cincinnati, 6-2, 10-8.

Third-ranked Grant Golden of Wilmette, Ill., had little trouble defeating Jim Bourquin, Hamilton, 6-1, 6-2.

Brays Trounce Good Hope In Two-Hitter

Brays had no trouble in rolling to their eighth straight victory at Good Hope Monday evening as they trounced the home team, 15-1.

Lead by the two-hit pitching of Terry Stillings, along with his three hits, the Bray team was never in trouble. Stillings hurled six complete innings and lefty Larry Flowers twirled the last frame. Only Good Hope run came off Stillings in the fourth inning.

Stillings was Brays' leading hitter with 3 for 5, one of which was a double, and Preston Bentley, centerfielder for Brays, had one for one. Also a double.

Only two hits off the pitching of Stillings were singles by clean-up man Mike Kellenberger and first-sacker Larry Hoppes.

Although slugging out 11 hits, the Bray boys were helped along by occasional loose fielding on the part of the Good Hope nine.

Don Strouth and Mike Hatfield shared the pitching duties for Good Hope, with Strouth taking the loss.

In bagging five strike outs and giving out only three walks, Stillings put his record for the season at four wins and no losses.

Hoad Denies Plan To Turn Pro Now

WIMBLEDON, England (AP)—Lew Hoad, Australian Davis Cup ace, today denied reports he would join Jack Kramer's professional tennis troupe in New York next week.

Hoad, however, did not rule out the possibility he will turn pro after playing for Australia in the Davis Cup challenge round in December.

Kramer, touring South America, repeated that Hoad has a standing offer from him of \$100,000.

"All he has to do is let me know," Kramer added.

IT'S SO EASY TO PLACE A WANT-AD.

Cowboys Beat Flashes With Slugging, 5-1

John Byrom and Danny Willis backed up Mike Molloy's neat five-hitter at Wilson Field Monday evening with prodigious home runs blasts as the Cowboys coasted to a 5-1 win over the Flashes, thus halting for a moment the Flashes' drive toward first place in the Little League.

In going the distance Molloy set down six Flash batters via the strikeout route.

Billy Henderson and Terry Armbrust divided the pitching duties for the losers and held the Cowboys to six hits, but the roundtrippers off the bats of Byrom and Willis proved to be decisive blows.

Myron Lambert, Flash third baseman, led his team in hitting with two for three.

Tuesday night's Little League action will show the Kernels and the Cubs battling it out for first place.

Girtons Nosed Out In Babe Ruth Game

Girtons committed six errors in the sixth inning to hand Jeffersonville a 9-8 victory in the Babe Ruth League Monday evening at Jeff.

Jim Bush, Jeff right-hander, won his first game in two years while going all the way. He fanned seven and walked nine.

Although Ed Juilerat, Girton

Mains Beat Loafers For Fifth Win in Row

The Main Restaurant crew rolled to their fifth straight victory Monday evening in the Little Minor League as they beat the Loafers 19-2 at Wilson Field.

Charles Conger, on the hill for the restaurant team, spaced six Loafer hits in coasting to a well-pitched victory.

Bob Goldsberry was the winning team's leading hitter with 3 for 4, while Greg Lynch cracked out two safeties for the Loafers.

The winning Mains tallied 19 times on 14 hits and the Loafers scored twice on six hits.

Red Catcher Fined

CINCINNATI (AP)—Cincinnati Redleg catcher Ed Bailey has been fined \$50 for some words with umpire Ken Burkhart after a game here Thursday night with the New York Giants. National League President Warren Giles levied the fine Monday.

Frenchman Wins Close Decision

NEW YORK (AP)—Germinal Bal-larin, a newly arrived French man, intended to use Monday night's bout with Bob Provizzi merely as a warmup for a July 19 meeting with Rory Calhoun.

Instead, it may have cost him the Calhoun match.

"We were all set to sign the papers," said International Boxing Club matchmaker Billy Brown to-day. "But now we're not so sure. That Provizzi is a spoiler."

Provizzi, who fights out of Free-land, Pa., could have spoiled the fight completely had not the Frenchman chased him all around the ring and gained a unanimous but close decision.

## Hoad Denies Plan To Turn Pro Now

WIMBLEDON, England (AP)—Lew Hoad, Australian Davis Cup ace, today denied reports he would join Jack Kramer's professional tennis troupe in New York next week.

Hoad, however, did not rule out the possibility he will turn pro after playing for Australia in the Davis Cup challenge round in December.

Kramer, touring South America, repeated that Hoad has a standing offer from him of \$100,000.

"All he has to do is let me know," Kramer added.

IT'S SO EASY TO PLACE A WANT AD.

## Cowboys Beat Flashes With Slugging, 5-1

John Byrom and Danny Willis backed up Mike Molloy's neat five-hitter at Wilson Field Monday evening with prodigious home run blasts as the Cowboys coasted to a 5-1 win over the Flashes, thus halting for a moment the Flashes' drive toward first place in the Little League.

In going the distance Molloy set down six Flash batters via the strikeout route.

Billy Henderson and Terry Armbrust divided the pitching duties for the losers and held the Cowboys to six hits, but the roundtrip-offers of the bats of Byrom and Willis proved to be decisive blows.

Myron Lambert, Flash third baseman, led his team in hitting with two for three.

Tuesday night's Little League action will show the Kernels and the Cubs battling it out for first place.

## Girtons Nosed Out In Babe Ruth Game

Girtons committed six errors in the sixth inning to hand Jeffersonville a 9-8 victory in the Babe Ruth League Monday evening at Jeff.

Jim Bush, Jeff right-hander, won his first game in two years while going all the way. He fanned seven and walked none.

Although Ed Juilerat, Girton

### Mains Beat Loafers

#### For Fifth Win in Row

The Main Restaurant crew rolled to their fifth straight victory Monday evening in the Little Minor League as they beat the Loafers 19-2 at Wilson Field.

Charles Conger, on the hill for the restaurant team, spaced six Loafers hits in coasting to a well-pitched victory.

Bob Goldsberry was the winning team's leading hitter with 3 for 4, while Greg Lynch cracked out two safeties for the Loafers.

The winning Mains tallied 19 times on 14 hits and the Loafers scored twice on six hits.

### Red Catcher Fined

CINCINNATI (AP)—Cincinnati Redleg catcher Ed Bailey has been fined \$50 for some words with umpire Ken Burkhart after a game here Thursday night with the New York Giants. National League President Warren Giles levied the fine Monday.

## Frenchman Wins Close Decision

NEW YORK (AP)—Germinal Bal-larin, a newly arrived Frenchman, intended to use Monday night's bout with Bob Provizzi merely as a warmup for a July 19 meeting with Rory Calhoun.

Instead, it may have cost him the Calhoun match.

"We were all set to sign the papers," said International Boxing Club matchmaker Billy Brown to-day. "But now we're not so sure. That Provizzi is a spoiler."

Provizzi, who fights out of Free-land, Pa., could have spoiled the fight completely had not the Frenchman chased him all around the ring and gained a unanimous but close decision.

18. Houses For Sale

Massive Distinction  
This lovely and distinctive home is only two years old. Situated on  
a beautiful lot 75'x150' with lovely flowers and shrubbery. This home  
offers you one of the most cheerful and comfortable homes we have  
had the pleasure of offering for some time. You could say only that it  
is ultra modern. Has full basement, with many built in features, such  
as open brick mantle with fire place, laundry facilities, has the ad-  
vantages of water heating, emits radiant heat to all parts of the house.  
The house proper offers you an ultra modern kitchen, all built in  
features such as, oven, stoves, dishwasher, disposal. Most any con-  
venience you could wish for. Has conveniently located dining area,  
into a large cheerful living room with large picture window. Nice  
large convenient sun room with beautiful view of rear flower gar-  
den. Three well arranged bedrooms to modern tile bath. This home  
offers you an abundance of closet space. Beautiful hardwood floors  
throughout. Attached garage. Nicely finished with plastered walls.  
Do not fail to see this offering by appointment.

## Turnpike Revenue Hitting New High

CLEVELAND (AP)—The Ohio Turnpike Commission, pleased with a seasonal upsurge in traffic, has reported its best month, best day and best weekend since opening late in 1955.

Last Saturday was the best day, with \$95,219 in tolls collected at gates along the 241-mile northern Ohio turnpike.

Last weekend's total revenue of \$250,767 was by far the best such weekend revenue. This will make total revenue for the month of June approximately \$2,200,000, exceeding by several hundred thousand dollars the best previous month.

### Dies Driving Auto

AURORA, Ill. (AP)—E. S. Knapp, 72, Lawrenceburg, co-owner of the country's last firm manufacturing horse-drawn vehicles exclusively, died of a heart attack at the wheel of his automobile Sunday.

He and his sister, Mrs. Emeline Diehl of Donnellsville, Ohio, owned the Standard Vehicle Co., which they established in 1918.

### Sohio Files New Charges Against Union

CLEVELAND (AP)—The Standard Oil Co. of Ohio today filed charges of unfair labor practices with the National Labor Relations Board against the Oil, Chemical and Atomic Workers Union which represents employees at the firm's strikebound plants.

Branding the strike "illegal," Sohio's action challenges efforts of the union to force the company to bargain on a company-wide basis.

A company spokesman said the NLRB had set up separate bargaining units for each plant. He accused union negotiators of not settling for any plant until agreements covering all the groups had been reached.

"This is a scheme to circumvent the NLRB's rulings," he said.

Sohio also charges that the union violated the federal labor law by insisting on change in contract provisions which the company contends are not open for negotiation.

The union has filed unfair labor practice charges against Sohio with the NLRB on the ground that the company has refused to bargain company-wide.

About 1,800 Sohio refinery workers have been on strike since June 7 here and in Lima, Toledo and Latonia, Ky. Their contract negotiation, after reaching agreement on a 6 per cent wage increase, bogged down on the issue of retroactivity.

### Trapped Climbers Freed from Ledge

YAKIMA, Wash. (AP)—Two mountain climbers, trapped on a ledge above a wall of ice with sides slanting up to 45 degrees, were rescued from 12,307-foot Mt. Adams Monday.

The men, Mike McGuire, 20, Yakima, a student at the Colorado School of Mines, Golden, Colo., and David Bishop, 22, Toppenish, Wash., had been held prisoner by high winds and the ice for more than 24 hours.

Rescue teams, including the Hood River, Ore., Crag Rats, a climbing group, used ropes to get McGuire and Bishop down. They were not injured.

### Well, He Can Say He Held Fortune

OCEAN CITY, N. J. (AP)—Louis (Bus) Palmer, owner of an automobile agency here, is a satisfied man today.

Palmer, in a business transaction with General Motors Inc., was expecting a check for \$3,500. When the check arrived Monday, however, there was a slight error in it. It was made out for \$3,500,000.

Palmer commented: "I took a good long look at it, drawing satisfaction from the fact that if it never happened again, at least once in my life I held a fortune in my hands."

"Then," he added, "I sent it back."

About 51 million acres of farmland in India are irrigated.

Mr. and Mrs. Paul E. Houser, Mt. Sterling, are the parents of a son, born at 3:10 p.m. Monday in Fayette Memorial Hospital. He weighed seven pounds, one ounce at birth.

Mr. and Mrs. Virgil W. Leach, 925 S. Main St., are the parents of a daughter, weighing seven pounds, one ounce, born at 3:35 a.m. this morning in Memorial Hospital.

Mr. and Mrs. Claud L. Harmon, Sabina, are the parents of a nine pound daughter born in Fayette Memorial Hospital this morning at 1:56 a.m.

### Union Plans Vote On Negro Member

CLEVELAND (AP)—Members of Local 38 of the International Brotherhood of Electrical Workers meet tonight to decide whether to admit to membership Theodore Pinkston, a Negro who for many months has sought a union card from the local. Monday night was the deadline set by international officers of the union and by the AFL-CIO's top officers for Local 38 to end discriminatory membership practices or have its charter revoked.

### 11 Fire Calls Made in June

Washington C. H. firemen answered 11 fire calls during June—none of them major.

Three trash fires, four motor vehicle blazes and two small kitchen fires were extinguished. They also aided in the removal of a downed electric wire and made one smoke investigation.

Calls ranged throughout Washington C. H. and all the way to Route 35, north, at the outer edge of Union Twp. The suburban township is in the city's fire district.

### County Jail Has 30 Tenants in June

A total of 30 people served time in the Fayette County Jail during June—six of them for driving while intoxicated.

Second largest group held included five people charged with contributing to the delinquency of a minor. They were all found innocent by Juvenile Judge Robert L. Brubaker in a hearing 12 hours after their arrest.

Four people served time for assault, and four others for petty larceny. Charges of gas stealing brought in two, auto theft two more, and intoxication two more.

Other arrests were four for "conversion of trust" (i.e., "borrowing" an auto), breaking and entering, parole violation, escaping from Boys' Industrial School and reckless operation.

### WCH Man Admits Theft of Car Here

Police Chief D. Vaiden Long said Tuesday that Bobby Joe Potter, 22, of 916 E. Paint St., has admitted to Columbus officers that he stole a car here Saturday night belonging to the Boyd Pontiac Co.

The auto, a 1956 DeSoto, was recovered intact in Columbus. Graden Boyd, manager of the company, said he expected to claim it Tuesday.

Potter was arrested in Columbus for carrying concealed weapons. He admitted the theft while being questioned about other matters. Chief Long said. He said he stole the car here, drove it to Williamsport where he stole license plates for it, then went into Columbus, Chief Long said.

Potter was released from the Mansfield Reformatory recently after serving time on a grand larceny charge. He also has been arrested for petty larceny and for going AWOL from the army.

### Mainly About People

John Cherry, a resident of Washington C. H. for 79 years before moving to Columbus last February spent Monday here on business and visiting with friends. He lives with his daughter at 226 Smith Terrace in Columbus.

Mrs. Weldon Fountain, 509 Eastern Ave., has been returned to her home from Fayette Memorial Hospital. The family requests no visit for a few days.

Dr. and Mrs. Richard Korn have given up their apartment in Columbus and are residing at present with Mrs. Korn's parents, Mr. and Mrs. Don Soale.

### Motor Repairs Delay Drillers

After spending most of Monday making repairs on one of the four diesel motors used in the drilling outfit at Kewanee Oil Co. Well No. 1, drilling work was resumed early in the night and 13 additional feet chalked up to 4,456.

The drill apparently is still in hard rock, and early Tuesday work of changing the badly battered bit for a new one was underway.

A small rotary drilling outfit has been set 500 feet south of the big outfit, and a well will be drilled for water.

### Assault Case Bond Forfeited

A \$50 bond forfeiture was recorded by Judge Max G. Dice Tuesday in the assault case of Clinton Wyatt, 30, of Columbus.

Wyatt had been scheduled for Monday court appearance on a charge sworn out by Charles Stroup of Route 35, north, Saturday night.

Stroup claimed that he saw Wyatt's auto skid off the CCC Highway north of Madison Mills, that he stopped to see if Wyatt was injured, and that Wyatt hit him.

Stroup was treated for a cut lip at the emergency room in Memorial Hospital. Wyatt failed to appear Monday and Judge Dice decided to forfeit the bond after conferring with Deputy Sheriff Lawrence Mickle, the investigating officer.

Judge Dice emphasized that this was a criminal case, and that Stroup still had the right to file a civil suit against Wyatt if he wished.

### Boy's Arm Broken Before Ball Game

Calvin Bellar, 12, son of Mr. and Mrs. Harry Bellar, 629 Peabody Ave., will be watching the Little League games from the bench in the Pennington Looper dugout most of the rest of the summer while his broken left arm knits.

Calvin, a member of the Looper squad, slipped and fell when he bent over to pick up a ball in the pre-game practice Monday. He was given emergency treatment at Memorial Hospital and released.

John Perry Cline, 321 Peabody Ave., also was treated in the hospital emergency room for a cut on the index finger of his left hand. He was shaving penning with a knife when the accident occurred.

Bowland Break-In Nets Only Change

One or two dollars in change was taken from vending machines in a break-in at the Bowland Bowling Alleys, CCC Highway west, Sunday night.

The burglary was discovered when operators returned to the alley late Monday morning. A back window had been broken open and the vending machines pried apart, Sheriff Orland Hays said.

A little more than a dollar appeared to be missing from a cigarette machine, while a few pennies were taken from a chewing gum machine.

Choose Bermuda onion, if available, to put with orange slices and greens for a salad. French dressing with this!

### City Police Make 167 Arrests During First Month of Summer

High temperatures followed by high tempers is the summery summary of the month of June according to police records.

Arrests jumped from 124 during May to 167 during the first month of summer, police books show. No fewer than 21 of June bookings were for assault or disorderly conduct — charges that scarcely appeared during the previous 31 days.

Most frequent charge, as usual, was speeding, which claimed 58 people. Most of them were arrested with the aid of the city-owned speed meter — a "13 man" on the city police force.

A total of 19 people were brought

in on intoxication charges, while 16 were booked for running stop signs and 12 for assault. Reckless operation arrests numbered 11, running red lights, 10, and disorderly conduct, nine.

EIGHT PEOPLE were arrested for making excessive noise with motor vehicles. All of them were brought in under a city ordinance, instead of the state ordinances used in most other traffic cases.

Six were arrested for failure to yield the right of way.

Four people were arrested for driving while intoxicated. Each was fined \$200 and costs, sentenced to three days in jail, and had their licenses suspended for a year.

Three people were arrested for improper motor vehicle registrations, two for permitting unlicensed drivers to drive and two more for driving with defective mufflers.

Offenses appearing on the book, only one were failure to stop in assured clear distance, leaving the scene of an accident, failure to obey an officer, disturbing the peace, disobeying one way signs, and driving under revocation.

### One Driver Fined; Seven Forfeit Bonds

Only one traffic case was heard in Municipal Court Tuesday morning, but Judge Max G. Dice recorded seven bond forfeitures.

Fined \$10 and costs after he pleaded guilty to speeding was Ed die Gorman, 23, of Nashville, Tenn.

Forfeiting bond were:

Jack Bayes, 26, Marion, speeding \$20;

Robert Stuphen, 34, Columbus, speeding, \$20;

Edward Flab, 32, Copley, speeding, \$20;

Ralph Ladd, 54, Bloomingburg, failure to stop at a stop sign, \$15;

Sam Fallis, 19, Frankfort, Ky., speeding, \$20;

George Mudrich, 31, Columbus, speeding, \$20.

"FAIR QUEEN" BALLOTS AVAILABLE AT OUR STORE

Sohio Files New Charges Against Union

CLEVELAND (AP)—The Standard Oil Co. of Ohio today filed charges of unfair labor practices with the National Labor Relations Board against the Oil, Chemical and Atomic Workers Union which represents employees at the firm's strikebound plants.

Branding the strike "illegal," Sohio's action challenges efforts of the union to force the company to bargain on a company-wide basis.

A company spokesman said the NLRB had set up separate bargaining units for each plant. He accused union negotiators of not settling for any plant until agreements covering all the groups had been reached.

"This is a scheme to circumvent the NLRB's rulings," he said.

Sohio also charged that the union violated the federal labor law by insisting on changes in contract provisions which the company contends are not open for negotiation.

The union has filed unfair labor practice charges against Sohio with the NLRB on the ground that the company has refused to bargain company-wide.

About 1,800 Sohio refinery workers have been on strike since June 7 here and in Lima, Toledo and Latonia, Ky. Their contract negotiations, after reaching agreement on a 6 per cent wage increase, bogged down on the issue of retroactivity.

Trapped Climbers Freed from Ledge

YAKIMA, Wash. (AP)—Two mountain climbers, trapped on a ledge above a wall of ice with sides slanting up to 45 degrees, were rescued from 12,307-foot Mt. Adams Monday.

The men, Mike McGuire, 20, Yakima, a student at the Colorado School of Mines, Golden, Colo., and David Bishop, 22, Tappanish, Wash., had been held prisoner by high winds and the ice for more than 24 hours.

Rescue teams, including the Hood River, Ore., Crag Rats, a climbing group, used ropes to get McGuire and Bishop down. They were not injured.

Well, He Can Say He Held Fortune

OCEAN CITY, N. J. (AP)—Louis (Bus) Palmer, owner of an automobile agency here, is a satisfied man today.

Palmer, in a business transaction with General Motors Inc., was expecting a check for \$3,500. When the check arrived Monday, however, there was a slight error in it. It was made out for \$3,500,000.

Palmer commented: "I took a good long look at it, drawing satisfaction from the fact that if it never happened again, at least once in my life I held a fortune in my hands."

"Then," he added, "I sent it back."

About 51 million acres of farmland in India are irrigated.

One or two dollars in change was taken from vending machines in a break-in at the Bowland Bowling Alleys, CCC Highway west, Sunday night.

The burglary was discovered when operators returned to the alley late Monday morning. A back window had been broken open and the vending machines pried apart, Sheriff Orland Hays said.

A little more than a dollar appeared to be missing from a cigarette machine, while a few pennies were taken from a chewing gum machine.

Choose Bermuda onion, if available, to put with orange slices and greens for a salad. French dressing with this!

Bowland Break-In Nets Only Change

One or two dollars in change was taken from vending machines in a break-in at the Bowland Bowling Alleys, CCC Highway west, Sunday night.

The burglary was discovered when operators returned to the alley late Monday morning. A back window had been broken open and the vending machines pried apart, Sheriff Orland Hays said.

A little more than a dollar appeared to be missing from a cigarette machine, while a few pennies were taken from a chewing gum machine.

City Police Make 167 Arrests During First Month of Summer

High temperatures followed by high tempers is the summery summary of the month of June according to police records.

Arrests jumped from 124 during May to 167 during the first month of summer, police books show. No fewer than 21 of June bookings were for assault or disorderly conduct — charges that scarcely appeared during the previous 31 days.

Most frequent charge, as usual, was speeding, which claimed 58 people. Most of them were arrested with the aid of the city-owned speed meter — a "13 man" on the city police force.

A total of 19 people were brought

in on intoxication charges, while 16 were booked for running stop signs and 12 for assault. Reckless operation arrests numbered 11, running red lights, 10, and disorderly conduct, nine.

EIGHT PEOPLE were arrested for making excessive noise with motor vehicles. All of them were brought in under a city ordinance, instead of the state ordinances used in most other traffic cases.

Six were arrested for failure to yield the right of way.

Four people were arrested for driving while intoxicated. Each was fined \$200 and costs, sentenced to three days in jail, and had their licenses suspended for a year.

Three people were arrested for improper motor vehicle registrations, two for permitting unlicensed drivers to drive and two more for driving with defective mufflers.

Offenses appearing on the book, only one were failure to stop in assured clear distance, leaving the scene of an accident, failure to obey an officer, disturbing the peace, disobeying one way signs, and driving under revocation.

One Driver Fined; Seven Forfeit Bonds

Only one traffic case was heard in Municipal Court Tuesday morning, but Judge Max G. Dice recorded seven bond forfeitures.

Fined \$10 and costs after he pleaded guilty to speeding was Ed Gorman, 23, of Nashville, Tenn. Forfeiting bond were:

Jack Bayes, 26, Marion, speeding \$20;  
Robert Stuphen, 34, Columbus, speeding, \$20;  
Edward Flab, 32, Copley, speeding, \$20;  
Ralph Ladd, 54, Bloomingburg, failure to stop at a stop sign, \$15;  
Sam Falls, 19, Frankfort, Ky., speeding, \$20;  
George Mudrich, 31, Columbus, speeding, \$20.
